This is a very complete, well-written, easy to understand History of Landscapes. It's well illustrated with plenty of applicable maps, diagrams, and photos. Clearly the authors have a broad knowledge of landscapes, and the graphic design compliments the information. Certainly one of the better textbooks I have, I recommend it!

The history of the county palatine and city of Chester: compiled from original evidences in public offices, the Harleian and Cottonian mss., parochial registers, private muniments, unpublished ms. collections of successive Cheshire antiquaries, and a personal survey of every township in the county; incorporated with a republication of King's Vale royal, and Leycester's Cheshire antiquities.

~~The history of the county palatine and city of Chester~~ ...

A volume is the number of that book in a series. An issue is basically the same thing, but usually for magazines and other resources rather than book. The edition and the volume are identical, they both represent the how many edits a book has gone through to get to how it is, i.e. if a book has been released, edited, then released again with the edits, that would be the 2nd edition or version.
