The central target of legal realism was legal formalism: the classical view that judges don't make law, but mechanically apply it by logically deducing uniquely correct legal conclusions from a set of clear, consistent, and comprehensive legal rules. American legal realism has aptly been described as "the most important indigenous jurisprudential movement in the United States during the twentieth century".

In his paper "Legal Realism, Critical Legal Studies and Dworkin" Andrew Altman states a legal realist critic of legal positivism. In his critic, he states positivism is seen as an extensive series of rules that provides little to no room for interpretation. In positivism, Altman states, indeterminacy is a secondary or non-pressing issue in a legal system but for the realist's

indeterminacy is on the forefront.

## **Criticism Of Legal Realism - 1880 Words | Bartleby**

For example, JEROME FRANK, who coined the term legal realism and later became a judge on the U.S. Court of Appeals for the Second Circuit, emphasized the psychological foundation of judicial decision making, arguing that a judge's decision may be influenced by mundane things like what he or she ate for breakfast. Frank believed that it is deceptive for the legal profession to perpetuate the myth that the law is clearly knowable or precisely predictable, when it is so plastic and mutable.

Abstract. This essay sets out the main elements of the revisionary and philosophical interpretation of the jurisprudence of American Legal Realism that I have developed in a series of articles over the last decade. This reading emphasizes the commitment of all the Realists to a core descriptive claim about adjudication (judges respond primarily to the underlying facts of the cases, rather than to legal rules and reasons); shows how the Realists divide in to two camps over the correct ...

Legal Realism and the Realist Critique To understand Legal Realism, one must know something of the system of rules and ideas it was designed to discredit and displace. Various labels, most of them censorious, have been used to describe that system (among the other common descriptions are "formalism" and "mechanical jurisprudence"), but the most apt is "classical legal thought."
