"Letters to a Young Catholic" helps to put meat on the bones of Catholicism. After reading this book, you come away with a deeper appreciation for the fleshiness and reality of Catholicism. You learn about how the moral life is related to the thirst for beauty, how contemplation is connected to our ordering of society.

"An engaging, lucid, and informative introduction to the teachings and traditions of Catholicism." --Wall Street Journal In this remarkable exploration of the Catholic world, prominent Catholic author and papal biographer George Weigel offers a luminous collection of letters to young Catholics, not-so-young Catholics, and curious souls who wonder what it means to be Catholic today. Weigel takes readers on an epistolary tour of Catholic landmarks--from Chartres Cathedral to St. Mary's Church in Greenville, South Carolina; from the Holy Sepulcher in Jerusalem to G.K. Chesterton's favorite pub in Oxford; and from the grave of a modern martyr in Warsaw to the Sistine Chapel. Weaving together insights from history, literature, theology, and music, Weigel illuminates the beliefs that give Catholicism its distinctive texture and explores the theological importance of grace, prayer, vocation, sin and forgiveness, suffering, and--most importantly--love. Revised and updated with five new "tour stops," Letters to a Young Catholic will inspire not only the young generation of Catholics

whose World Youth Day celebrations have launched an era of renewal for the Church, but also the faithful, the doubtful, and the searchers of every age.

For the faithful, the doubtful, and the searchers of every age, these letters convey the power of the Catholic faith that is at once personal and universal, timely and eternal. In this remarkable exploration of the Catholic world, prominent Catholic author and papal biographer George Weigel offers a luminous collection of letters to young Catholics, not-so-young Catholics, and curious souls who wonder what it means to be Catholic today. Weigel takes readers on an epistolary tour of Catholic landmarks -- from Chartres Cathedral to St. Mary's Church in Greenville, South Carolina; from the Holy Sepulcher in Jerusalem to G.K. Chesterton's favorite pub in Oxford; and from the grave of a modern martyr in Warsaw to the Sistine Chapel. Weaving together insights from history, literature, theology, and music, Weigel illuminates the beliefs that give Catholicism its distinctive texture and explores the theological importance of grace, prayer, vocation, sin and forgiveness, suffering, and -- most importantly -- love. To a world that sometimes seems closed and claustrophobic, he suggests, Christian humanism offers a world with windows and doors -- and a skylight.

Young people in the Church today are faced with a daunting task. We're asked to be light to a world that often seems disinterested in-if not downright hostile towards- the Gospel. If we are going to carry out this important task, we have to be unafraid to live our faith out loud. Letters From A Young Catholic provides practical advice on how to do just that. Written from the perspective of a college student, this book compiles over 50 short articles intended to help

Online Library Letters To A Young Catholic George Weigel

young people grow in their Catholic faith and share it with the world. TOPICS COVERED IN THIS BOOK INCLUDE: How to Live Out Your Faith in 7 Steps How to Hear God's Voice What To Do When You Don't Understand Church Teachings Is It OK to Date While Discerning A Religious Vocation? How To Tell If You've Got A Good Friend Evangelizing Friends... And More!

At a time when definitions of Calvinism are hotly contested, this book provides a vision of the Reformed faith that is generous, winsome, and imaginative.

A New York Times Best Seller 2017 Illumination Book Awards, Gold (tie): Children's Picture Book 2017 Independent Press Awards, Distinguished Favorite: Book Cover Design, Children's 2017 Catholic Press Association Book Awards, First Place: Children's Books 2017 Catholic Press Association Book Awards, First Place: Pope Francis 2017 Association of Catholic Publishers' Excellence in Publishing Book Awards, Book of the Year If you could ask Pope Francis one question, what would it be? Children have questions and struggles just like adults, but rarely are they given the chance to voice their concerns and ask the big questions resting deep in their hearts. In Dear Pope Francis, Pope Francis gives them that chance and celebrates their spiritual depth by directly answering questions from children around the world. Some are fun. Some are serious. And some will quietly break your heart. But all of them are

Online Library Letters To A Young Catholic George Weigel

from children who deserve to know and feel God's unconditional love. Also available in Spanish as Querido Papa Francisco. "Feels akin to sitting in on a series of intimate conversations." -Publishers Weekly "The People's Pope shows that he is a down-to-earth man who understands both religion and children." -Kirkus Reviews

If you could talk to your younger self, what would you tell her? If you could equip her for the challenges she would face today, with the Church plagued by scandal and the culture on the verge of collapse, what would you say? In *Letters to Myself from the End of the World*, Emily Stimpson Chapman answers those questions, weaving Catholic theology, biblical wisdom, and her own life experience into forty-five "letters" to her twenty-five-year-old self. Both personal and practical, Chapman's letters reflect upon sin and grace, the Church's sacraments and saints, scandals and injustice, social media and prayer, suffering, adoption, motherhood, and much more. Written in real time, during the summer and fall of 2020, while pandemics and riots filled the news and as Chapman and her husband prepared to adopt a second child, *Letters to Myself from the End of the World* is a faithful guide for pursuing holiness and spiritual maturity in a world broken by sin. It's also a testimony to the power of grace to heal our hearts, renew our minds, and transform our lives.

"Art of Mentoring" series
In the book that he was born to write, provocateur and best-selling author Christopher Hitchens inspires future generations of radicals, gadflies, mavericks, rebels, angry young (wo)men, and dissidents. Who better to speak to that person who finds him or herself in a contrarian position than Hitchens, who has made a career of disagreeing in

Online Library Letters To A Young Catholic George Weigel

profound and entertaining ways. This book explores the entire range of "contrary positions"-from noble dissident to gratuitous pain in the butt. In an age of overly polite debate bending over backward to reach a happy consensus within an increasingly centrist political dialogue, Hitchens pointedly pitches himself in contrast. He bemoans the loss of the skills of dialectical thinking evident in contemporary society. He understands the importance of disagreement-to personal integrity, to informed discussion, to true progress-heck, to democracy itself. Epigrammatic, spunky, witty, in your face, timeless and timely, this book is everything you would expect from a mentoring contrarian.

In *Before I Go*, Kreeft presents lessons learned about life, faith, morality, priorities, marriage, and more, as his legacy to his children--and to readers. He shares his practical wisdom, as well as his concern for truth and goodness, in a warm and readable way.
