~~Listening Time (Toddler Tools Series)—A Book And A Hug~~

She's a toddler, right at the age where she does indeed have a hard time listening of course. The book reads like a song or kind of rap - I read it with rhythm and she loves it! She does the commands in it (sit criss-cross, apple sauce, hands on knees, please - she recites this with me as I read it).

“Put away the wiggles. Put away the giggles. Listening works better when your body’s calm and still.” When it’s time for young children to listen closely, this book sets the tone. They discover that it’s important to open their eyes and ears but to close their mouths (“zip it, lock it, put it in your pocket”) so good listening can begin. An award-winning author/illustrator team offers a fresh look at the times and transitions all toddlers face daily, giving young children the tools to handle routines with confidence and cooperation. Part of the Toddler Tools series, Listening Time can be shared before (or during) the desired “time,” or whenever toddlers need encouragement with routines. Includes tips for parents and caregivers.

Every parent, caregiver—and toddler—knows the misery that comes with meltdowns and temper tantrums. Through rhythmic text and warm illustrations, this gentle, reassuring book offers toddlers simple tools to release strong feelings, express them, and calm themselves down. Children learn to use their calm-down place—a quiet space where they can cry, ask for a hug, sing to themselves, be rocked in a grown-up’s arms, talk about feelings, and breathe: “One, two, three . . . I’m calm as can be. I’m taking care of me.” After a break, toddlers will feel like

Online Library Listening Time Toddler Tools

new—and adults will, too. Books include tips for parents and caregivers.

Sometimes it's fun to share, and sometimes it's hard. This book offers toddlers simple choices (take turns, use the toy together, wait for another time) to make sharing easier, and shows them where to turn for help when sharing is difficult. Little ones learn that sharing can mean double the fun—and sharing a while can make someone smile! Includes tips for parents and caregivers.

An award-winning author/illustrator team offers a fresh look at the times and transitions all toddlers face daily, giving young children the tools to handle routines with confidence and cooperation. Being dropped off at childcare or cared for by a baby-sitter means saying good-bye to Mom or Dad—and for many toddlers, bye-bye is a big deal. This gentle book helps ease the transition with simple rituals: hugs and kisses, a big wave, a deep breath, and the confidence to seek comfort with the new caregiver or other children. Toddlers learn that good-bye isn't forever, it's just for a while. Part of the Toddler Tools series, Bye-Bye Time can be shared before (or during) the desired "time," or whenever toddlers need encouragement with routines. Includes tips for parents and caregivers.

With the newest paperback addition to the Best Behavior® series, children develop strategies to make waiting less frustrating and learn that patience is a virtue. Children are often waiting—for the school bus, their turn on the slide, or their

Online Library Listening Time Toddler Tools

birthday—and waiting can be frustrating! But learning to be patient and developing self-control will equip children with tools for success in school and in social settings. With vivid illustrations and simple strategies, this reassuring book helps children learn to delay gratification and make waiting more fun without relying on electronics. With her trademark mix of empathy and encouragement, author Elizabeth Verdick provides activities and ideas for children—like observing the world around them, inventing new games, and anticipating what’s to come—that can be adapted for any situation. In this addition to the best-selling Best Behavior series, children will learn how to avoid boredom and replace whining words with waiting words: “This will be worth the wait!” A section for adults includes tips and activities to foster patience in children. Best Behavior® Series The Best Behavior® series uses simple words and delightful full-color illustrations to guide children to choose peaceful, positive behaviors. Select titles are available in two versions: a durable board book for ages baby to preschool, and a longer, more in-depth paperback for ages four to seven. Bilingual board books and paperback editions are available for select titles. Kids, parents, and teachers love these award-winning books. All include helpful tips and ideas for parents and caregivers.

A must-have resource for anyone who lives or works with young kids, with an introduction by Adele Faber, coauthor of *How to Talk So Kids Will Listen & Listen So Kids Will Talk*, the international mega-bestseller *The Boston Globe* dubbed “The Parenting Bible.” For over thirty-five years, parents have turned to *How to Talk So*

Online Library Listening Time Toddler Tools

Kids Will Listen & Listen So Kids Will Talk for its respectful and effective solutions to the unending challenges of raising children. Now, in response to growing demand, Adele's daughter, Joanna Faber, along with Julie King, tailor How to Talk's powerful communication skills to children ages two to seven. Faber and King, each a parenting expert in her own right, share their wisdom accumulated over years of conducting How To Talk workshops with parents and a broad variety of professionals. With a lively combination of storytelling, cartoons, and fly-on-the-wall discussions from their workshops, they provide concrete tools and tips that will transform your relationship with the young kids in your life. What do you do with a little kid who...won't brush her teeth...screams in his car seat...pinches the baby...refuses to eat vegetables...throws books in the library...runs rampant in the supermarket? Organized according to common challenges and conflicts, this book is an essential emergency first-aid manual of communication strategies, including a chapter that addresses the special needs of children with sensory processing and autism spectrum disorders. This user-friendly guide will empower parents and caregivers of young children to forge rewarding, joyful relationships with terrible two-year-olds, truculent three-year-olds, ferocious four-year-olds, foolhardy five-year-olds, self-centered six-year-olds, and the occasional semi-civilized seven-year-old. And, it will help little kids grow into self-reliant big kids who are cooperative and connected to their parents, teachers, siblings, and peers.

Learning to use the potty takes patience and practice, and this charming,

Online Library Listening Time Toddler Tools

straightforward book helps pave the way. Young children learn how to use the potty and why it's time to do so, while gaining the courage and confidence to face this important milestone in their lives. When little ones learn to "do what the big kids do" (go, wipe, flush, wash their hands), they won't need a diaper anymore—they'll have underwear under there! Includes tips for parents and caregivers from a children's health specialist.

Details a program for improving communication between parents and children, providing sample dialogues, role-playing exercises, and humorous yet illuminating cartoons

As parents and teachers know, yelling comes naturally to children. This friendly, encouraging book, geared to preschool and primary children, introduces and reinforces where and when to use an "indoor voice" or an "outdoor voice." In classic Best Behavior style the author tells young readers, "Your voice is a powerful tool. How you use it is up to you." Vivid illustrations show the times and places for an indoor voice, the ways people ask us to quiet our voices, and times when yelling might occur. "What happens if you're mad or frustrated or really, really excited? Your voice gets louder and LOUDER." But yelling hurts people's ears and feelings. Children learn that they can quiet their voice and use their words to talk about a problem. "Think before you yell, and use your words well!" Includes a special section for parents and caregivers with activities and discussion starters. The Best
