For Assessment courses in Early Childhood Education. One of the most accessible and practical textbooks available on assessing young children from infancy through age 8. It provides the full range of types of assessment and how, when, and why to use them. An excellent introduction to assessing young children, Assessment in Early Childhood Education continues with the inclusion of all types of assessments that can be used with infants and young children. Key changes and updates to this edition include: updated and streamlined figures, examples, and models of assessment that aid pre-service teachers to learn how to apply the principles of quality assessments; new activities at the end of the chapters provide opportunities for students to apply their own performance activities to demonstrate understanding of chapter contents; the effects of No Child Left Behind have been updated; newly revised information on children from diverse cultures and languages and children with disabilities has been added; and information on new and current trends toward accountability are discussed, as well as the impact of high-stakes testing.

Enjoyable mental exercises to help boost performance on IQ tests This engaging book offers readers the ultimate in calisthenics for the brain. Using the same fun, informative, and accessible style that have made his previous books so popular, Philip Carter helps people identify mental strengths and weaknesses, and provides methods for improving memory, boosting creativity, and tuning in to emotional intelligence. Featuring never-before-published tests designed specifically for this book, plus answers for all questions, this latest treasure trove from a MENSA puzzle editor outlines a fun, challenging program for significantly enhancing performance in all areas of intelligence.
