Once you know what you device actually own, you can start looking for the manual online. Most of the time, the easiest place to find instruction manuals is from the manufacturer's website. Visit their site, go to any "Support" or "Customer Care" sections, and see if there's an option somewhere for downloading manuals.

## How to Find the Instruction Manual for Almost Any Device ...

It always helps to know what you're searching for, so make a note of the product model number before you turn to your computer. This will usually be printed on the box and on a (usually difficult to access) part of the product itself, but make sure you get the full product name.

## Manuals & Guides | Brother UK

All these websites provide free manuals in PDF format – each has its own library so it is worth trying more than one site if you're looking for a particularly obscure manual. As a quick test, I searched each site for a user manual for a 10 year old Canon Pixma IP3000 printer – the results are included for each website.

## 5 Websites To Download Free Online User Manuals | TechLogon

Just enter the keywords in the search field and find what you are looking for! Search results include manual name, description, size and number of pages. You can either read manual online or download it to your computer. Moreover, documents can be shared on social networks.

I ordered a manual for my Vauxhall I ordered a manual for my Vauxhall vehicle and was charged £1.49 A few days later a further £24.90 was debited against my card. Upon questioning the payment they claim that when ordering a user manual I also subscribed to their "premium service" which costs £24.90 per month, which I absolutely never did.
