William Lobdell's journey of faith—and doubt—may be the most compelling spiritual memoir of our time. Lobdell became a born-again Christian in his late 20s when personal problems—including a failed marriage—drove him to his knees in prayer. As a newly minted evangelical, Lobdell—a veteran journalist—noticed that religion wasn't covered well in the mainstream media, and he prayed for the Lord to put him on the religion beat at a major newspaper. In 1998, his prayers were answered when the Los Angeles Times asked him to write about faith. Yet what happened over the next eight years was a roller-coaster of inspiration, confusion, doubt, and soul-searching as his reporting and experiences slowly chipped away at his faith. While reporting on hundreds of stories, he witnessed a disturbing gap between the tenets of various religions and the behaviors of the faithful and their leaders. He investigated religious institutions that acted less ethically than corrupt Wall St. firms. He found few differences between the morals of Christians and atheists. As this evidence piled up, he started to fear that God didn't exist. He explored every doubt, every question—until, finally, his faith collapsed. After the paper agreed to reassign him, he wrote a personal essay in the summer of 2007 that became an international sensation for its honest exploration of doubt. Losing My Religion is a book about life's deepest questions that speaks to everyone: Lobdell understands the longings and satisfactions of the faithful, as well as the unrelenting power of doubt. How he faced that power, and wrestled with it, is must reading for people of faith and nonbelievers alike.

In this challenging and provocative book, Tom Frame, one of Australia's best - known writers on religion and society, examines diminishing theological belief and declining denominational affiliation. He argues that Australia has never been a very religious nation but that few Australians have deliberately rejected belief - most simply can't see why they need to be bothered with religion at all. He contends that vehement campaigning against theistic belief is the product of growing disdain for religious fundamentalism and a vigorous commitment to personal autonomy. *Losing My Religion* contends that God is certainly not dead but that Australia's religious landscape will continue to change as the battle for hearts, minds and spirits continues. Published on the sesquicentennial of the first release of Charles Darwin's *On the Origin of Species* (1859), this book will provoke debate about what matters to Australians.

When the challenges you've faced threaten to destroy your life, how do you find your way back to the truths you thought you believed? *I Am Restored* tells the untold story of how Lecrae's past nearly ruined his future--until he learned that the wounds we carry can have the potential to be unlikely guides to healing and freedom for ourselves and others. Throughout *I Am Restored*, Lecrae documents the shattering yet hopeful story of how he faced the scars of his past--sexual abuse, physical trauma, addiction, and depression--and emerged more fully human than ever before. With remarkable transparency and vulnerability, Lecrae reveals that at the height of his professional success, his life was spinning out of control, driven by a past that he had never confronted and a religious perspective that was incapable of meeting the challenge. *I Am Restored* takes an unflinching look at the personal and public spaces that are too often at the societal core of our pain and heartache--culture, politics, family, church, and more--and teaches us that forgiveness can be the birthplace of the life that God has created for us. Throughout this powerful, deeply personal account, Lecrae shares the life lessons he's learned about: Confronting the pain and trauma that has shaped your story Breaking the cycle of sin and shame and embracing joy and authenticity Finding hope and healing in the midst of chaos The simple practices that can change your mental, emotional, and spiritual health Leading a life that's bursting with creativity and true freedom *I Am Restored* is a hopeful, inspiring charge to start your journey to lasting healing today. No matter what your past has held, God is near you, he hears you, and he's not done writing your story.

In this book Professor Lang gives a very personal account of his search for God when he found out that his inherited religious beliefs could no longer answer his questions. A chance encounter led him to Islam. But now, how does he adapt to his new community, its beliefs and lifestyle?

The fastest growing religion in America is—none! One fifth of Americans now list their religion as “none,” up from only 7 percent two decades ago. Among adults under 30, those poised to be the parents of the next generation, fully one third are religiously unaffiliated. Yet these “Nones,” especially parents, still face prejudice in a culture where religion is widely seen as good for your kids. What do Nones believe, and how do they negotiate tensions with those convinced that they ought to provide their children with a religious upbringing? Drawing on

survey data and in-depth personal interviews with religiously unaffiliated parents across the country, Christel Manning provides important demographic data on American “Nones” and offers critical nuance to our understanding of the term. She shows that context is crucial in understanding how those without religious ties define themselves and raise their families. Indeed, she demonstrates that Nones hold a wide variety of worldviews, ranging from deeply religious to highly secular, and transmit them in diverse ways. What ties them all together is a commitment to spiritual choice—a belief in the moral equivalence of religions and secular worldviews and in the individual’s right to choose—and it is that choice they seek to pass on to their children. The volume weaves in stories from the author’s interviews throughout, showing how non-religious parents grapple with pressure from their community and how they think about religious issues. Engagingly written and thoroughly researched, *Losing Our Religion* will appeal to scholars, parents, and anyone interested in understanding the changing American religious landscape.

“*Losing My Religion*” is the story of Jackson Alley, a coyote in an all-male R.E.M. cover band trying his hardest not to grow up. Tours, he feels, are for playing music and taking full advantage of the openness of his marriage, and having a gay wingman usually helped the bisexual coyote get girls. But his wingman is dating their lead singer now, so Jackson’s left with the new bassist, an ex-Mormon kit fox named Zeb who might be gay, but knows as little about sex as he does about drinking. So Jackson’s going to have to show him the ropes, and hopefully he won’t have to learn any pesky life lessons along the way.

If the control freaks don't like you, they may as well accuse you of being political in your church. This is what the Maverick Pastor faced as a pastor chosen by his tiny congregation in a church organisation that was never democratic with its selection of leaders. Moving on is your next best option, no matter how much it hurts. The journey that followed could never have been predicted. He lost his former church, and found a new one. Forgiveness and healing was only part of the transformation to come next. He was losing his religion, and finding a whole new meaning in his walk before God as a Christian. So much of what he believed in and trusted would be shaken. He would never look at Church or Jesus the same way again. No doubt many in the broader body of Christ (the Christian Church) have experienced similar. By telling this story, the Maverick Pastor provides a platform by which others can make sense of their own changes in thinking.

In this lively, challenging book, Brett Hoover says that the typical young-adult loss of faith is a necessary part of maturing spirituality: faith can grow only when religion is doubted, lost, and found again in a new light. Using the metaphor of a road trip, Hoover describes the lifelong process of discovering both God and self. “Losing your religion” is just one necessary obstacle on the road to a holistic spirituality.
