poet Atticus, Instagram sensation and author of *Love Her Wild* and *The Dark Between Stars*. In his third collection of poems, Atticus takes us on adventure to discover the truth about magic. Through heartbreak and falling in love, looking back and looking inward, he writes about finding ourselves, finding our purpose, and the simple joys of life with grace, wit, and longing. Whether it's drinking wine out of oak barrels, laughing until you cry, dancing in old barns until the sun comes up, or making love on sandy beaches, Atticus reminds us that magic is everywhere—we simply have to look for it.

From the internationally bestselling author of *Love Her Wild* comes *The Dark Between Stars*, a new illustrated collection of heartfelt, whimsical, and romantic poems from Instagram poetry sensation, Atticus. Atticus, has captured the hearts and minds of nearly 700k followers (including stars like Karlie Kloss, Emma Roberts, and Alicia Keys). In his second collection of poetry, *The Dark Between Stars*, he turns his attention to the dualities of our lived experiences—the inescapable connections between our highest highs and lowest lows. He captures the infectious energy of starting a relationship, the tumultuous realities of commitment, and the agonizing nostalgia of being alone again. While grappling with the question of how to live with purpose and find meaning in the journey, these poems offer both

honest explorations of loneliness and our search for connection, as well as light-hearted, humorous observations. As Atticus writes poignantly about dancing, Paris, jazz clubs, sunsets, sharing a bottle of wine on the river, rainy days, creating, and destroying, he illustrates that we need moments of both beauty and pain—the darkness and the stars—to fully appreciate all that life and love have to offer.

From @wilderpoetry comes a heavily expanded revised edition of *Nocturnal*, a collection of poetry and beautifully illustrated black-and-white imagery inspired by darkened days and sleepless nights. Poetry meets presentation in each of the four sections ("Dusk," "Northern Lights," "Howl," "Lucid Dreams,"), which trace the author's continuing journey of self-discovery while illuminating a path for others along the way. Ink stains, landscapes, dreamlike animals, blackened pages, and textured spreads create a multifaceted reading experience. And true to the moniker, these poems are linked by a motif of "the wild." Celebrating the art of self-love poetry with both word and image, *Nocturnal* will leave readers comforted, curious, and inspired to explore the world around them.

Lee Child recruits Joyce Carol Oates, Jonathan Ames, Cara Black, and others to reveal nicotine's scintillating alter egos. "Typically for Akashic--publisher of the terrific Noir series--the stories approach the subject matter from an impressive number of angles...Akashic has yet to produce a dull anthology, and this one is especially good." --Booklist "Sixteen tributes to America's guiltiest pleasure...Even confirmed anti-smokers will find something to savor." --Kirkus Reviews "The most successful entries delve bone-deep into addiction, as characters smoke to smother physical pain, loneliness, and their days...These writers capture the mental gymnastics behind the characters' bad decisions, and the joy such bad decisions can bring."

--Publishers Weekly In recent years, nicotine has become as verboten as many hard drugs. The literary styles in this volume are as varied as the moral quandaries herein, and the authors have successfully unleashed their incandescent imaginations on the subject matter, fashioning an immensely addictive collection. Featuring brand-new stories by: Lee Child, Joyce Carol Oates, Jonathan Ames, Eric Bogosian, Achy Obejas, Michael Imperioli, Hannah Tinti, Ariel Gore, Bernice L. McFadden, Cara Black, Christopher Sorrentino, David L. Ulin, Jerry Stahl, Lauren Sanders, Peter Kimani, and Robert Arellano. From the introduction by Lee Child: Food scientists have discovered a complex compound naturally present in, among other things, potatoes, tomatoes, peppers, and eggplants. The compound offers us a number of benefits: it improves our fine motor skills; it increases our attention spans; it improves our cognitive abilities; it improves our long- and short-term memories; it lessens depression...In and of itself, it has no real downside. It's called nicotine. We should all get some. The problem is the delivery system...The most efficient way is to burn dried tobacco leaves and inhale the smoke. Ten seconds later, the compound is in your brain, doing good in all its various ways. Unfortunately, the rest of the smoke doesn't do good. And therein lies a great mystery of human behavior. To get the good, we risk the bad. Or we prohibit ourselves the good, for fear of the bad.
