When vice had a legal home and jazz was being born—the captivating story of an infamous true-life madam New Orleans, 1900. Mary Deubler makes a meager living as an “alley whore.” That all changes when bible-thumping Alderman Sidney Story forces the creation of a red-light district that’s mockingly dubbed “Storyville.” Mary believes there’s no place for a lowly girl like her in the high-class bordellos of Storyville’s Basin Street, where Champagne flows and beautiful girls turn tricks in luxurious bedrooms. But with gumption, twists of fate, even a touch of Voodoo, Mary rises above her hopeless lot to become the notorious Madame Josie Arlington. Filled with fascinating historical details and cameos by Jelly Roll Morton, Louis Armstrong, and E. J. Bellocq, Madam is a fantastic romp through The Big Easy and the irresistible story of a woman who rose to power long before the era of equal rights.

Volume 8: Florence Nightingale on Women, Medicine, Midwifery and Prostitution makes available a great range of Florence Nightingale’s work on women: her pioneering study of maternal mortality in childbirth (Introductory Notes on Lying-in Institutions), her opposition to the regulation of prostitution through the Contagious Diseases Acts (attempts to stop the legislation and otherwise to facilitate the voluntary treatment of syphilitic prostitutes), her views on gender roles, marriage and measures for income security for women and excerpts from her draft (abandoned) novel. There is correspondence with women friends and colleagues from childhood to old age, on a vast range of subjects. Correspondents include old family friends, royal and notable personages, nuns and colleagues in various causes. Most of this material has not been published before and some letters will be new even to Nightingale scholars. Altogether a very different view of Nightingale emerges from what normally appears in biographies and other secondary sources. This material will enable a new assessment of her feminism, her relations with women and her contribution to improving the status of women of her time. Currently, Volumes 1 to 11 are available in e-book version by subscription or from university and college libraries through the following vendors: Canadian Electronic Library, Ebrary, MyiLibrary, and Netlibrary.

We live in a culture increasingly influenced by porn. Sex is used to sell everything, from household products to cars to electronics.

Provocative and popular fiction like 50 Shades of Gray is encouraging people to play with a fire that could destroy their homes. We supposedly stand against sex trafficking, and then we turn around and increase the demand through our music, clothing, and movie choices. These decisions to entertain ourselves with increasing shock factor reveal that most audiences are currently numb to the publicizing and proliferation of what was once deemed private. Amidst this sex-satiated culture, I want to give a realistic view of the life of someone who once allowed herself to be sold. In sharing my own story and journey into and out of the sex industry, I want to educate others in a way that encourages us to stop buying sex in all forms and instead to honor one another as whole people. I want to encourage us to consider the woman who has been made a sex symbol so that we learn to honor both who she was before and who she might become if given an opportunity to succeed in a life outside of selling her body. I have encountered many men and women who were put into this life by their pimps and boyfriends. Others entered it while trying to escape their own trauma and trying to gain some control or dignity in their own lives. Yet others truly believe they can do nothing else. I want to offer you a glimpse of the mentality of a young girl who thought this was her best option in life. As a woman who was once purchased, I am often placed into one of two categories: I am either victimized as a survivor of human trafficking, or my trauma is dismissed since I chose to enter the commercial sex industry. This is an unhelpful and extreme distinction-especially when some of those fighting to end trafficking are also those who justify their use of pornography, brothels, strip clubs, and escort services because they believe all these women choose to be there. Choice is not always a simple matter when it is derived from decades of compounding trauma, addictions, and lack of quality guidance. For this reason, I want to show you what life looks like when a person says yes to being sold. This book is not meant to leave readers in despair but rather to depict enough of my own journey through deception to invite appreciation of the freedom possible with complete surrender. I want to show how hope gives birth to new life, when a true chance to heal and opportunities to flourish are given. No one is too far gone. However, no one can complete the journey in isolation. In this sense, I hope my story can also aid those who want to mentor other women on their journeys of healing and redemption. My desire is that the full presentation of my background-and the way it fed into my choices-can help offer understanding about the many layers of hurt that are present for women leaving the sex industry. More than the woman's body has been wounded, and many memories that stretch much further back than her start in the industry will need to be opened up and healed. Freedom does take work. But it is an infinitely good and worthwhile work. I personally engaged in my deepest healing efforts at the Refuge for Women in Kentucky. And there, I discovered a place to be truly safe for the first time in my life. I remember lying in my bed each night and saying to myself, "I am safe. I am loved. I am secure." Because of the hard work I did there, I can still say and mean those words today, many years later. If you are called to help a

woman walk this road, please let my story invite you into awareness of the layers involved in both her hurt and her healing. And whether you read this story as a mentor or a mentee, let it encourage you of the good and the freedom yet in store. Ultimately, I hold to the unshakable belief that there here is hope and help for everyone. I hope my story confirms this for you.

Crackling with the energy and spark of strong, colorful characters whose lives are continually colliding, comes a poignant, uplifting story by a writer of extraordinary generosity of spirit and earthy wit. Hailed as "a triumph" by The Lexington Herald-Leader, *Ruby River* drops us into a small town during a blistering Alabama summer. Hattie Bohannon has just opened a truck stop—a magnet for transients of questionable background and inclination, some say, and an uneasy presence in tradition-bound, gossipy Maridoches. Hattie is quietly mourning her recently dead husband and trying to determine the contours of herself alone, but too often her strong-willed daughters—whose burgeoning sexuality is attracting attention from the truck-stop patrons—keep her at loose ends. In a season of unrelenting heat, desire gestates and hovers over Maridoches, threatening the moral equilibrium of the small church-town. Then Hattie's oldest daughter, Jessamine, is falsely accused of prostitution, and the reverend conveniently declares war against the immorality of the Bohannons and their establishment. What ensues is a clash of wills and values that will leave no one unaffected. Lynn Pruett deftly weaves the struggles of Hattie, her daughters, and members of the community into a tapestry of individuals desperately trying to deny the conflicting urges of flesh and spirit, progress and tradition. In the manner of beloved contemporary writers such as Fannie Flagg and Rebecca Wells, Lynn Pruett's glorious tale—rich with the feel and flavor of the South—captures the struggle for the very soul of a community suddenly forced to look at itself in a new light.

The true story of a prostitute's successful rehabilitation into society.

Lynn Cohick provides an accurate and fulsome picture of the earliest Christian women by examining a wide variety of first-century Jewish and Greco-Roman documents that illuminate their lives. She organizes the book around three major spheres of life: family, religious community, and society in general. Cohick shows that although women during this period were active at all levels within their religious communities, their influence was not always identified by leadership titles nor did their gender always determine their level of participation. The book corrects our understanding of early Christian women by offering an authentic and descriptive historical picture of their lives. Includes black-and-white illustrations from the ancient world.

Through a sensitive use of a wide variety of imaginative and didactic

texts, Ruth Karras shows that while prostitutes as individuals were marginalized within medieval culture, prostitution as an institution was central to the medieval understanding of what it meant to be a woman. This important work will be of interest to scholars and students of history, women's studies, and the history of sexuality.

Fiction. Looking for a better life, Nora Simms sails from the East Coast to gold rush San Francisco with a plan for success: to strike it rich by trading on her good looks. But when a string of murders claims several of her fellow "women of ill fame," Nora grows uneasy with how closely linked all of the victims are to her. Even her rise to the top of her profession and a move to the fashionable part of town don't shelter her from the danger, and she must distinguish friend from foe in a race to discover the identity of the killer. "WOMAN OF ILL FAME" deftly sidesteps all the hooker-with-a-heart-of-gold cliché. As you think you see coming as it follows its heroine through the muddy two-fisted brawl that was gold rush San Francisco. The book starts with a bang, and for me it never lets up; I enjoyed the hell out of it"--Tamim Ansary

A story of abuse, turmoil, drug smuggling, prostitution. Who became a cop and a Federal Prisoner.
