It's as easy to use as modeling clay. Fire it, and it turns to pure silver: It's metal clay magic! Nana Mizushima's playful approach shows how this fantastic medium allows anyone to craft items in silver. Features more than 25 imaginative, appealing projects for beads, earrings, pendants, bookmarks, pet tags, little boxes, origami, and more.

Engages with rock and pop music's use in films both on an aesthetic and industrial level, embracing historical context and close analysis.

Not only was Edith Nesbit author of “The Railway Children” and “Five Children and IT,” which were both turned into films, but she also authored and published “The Book of Dragons” and “Nine Unlikely Tales” amongst many others (40 in total). Nesbit was considered to be "the first modern writer for children": she "helped to reverse the great tradition of children's literature inaugurated by Lewis Carroll and his contemporaries." In “Nine Unlikely Tales” you will find nine illustrated children’s stories for 6 to 13 year olds - and for those of us “older children” who still have not yet quite grown out of visiting realms of fantasy. The stories in this volume are a mix of your standard faire of fairytales and unique, magical stories penned by E Nesbit; so they will, at first, be new to many readers. It is hard to pick a favourite from among these stories. The fairytales “Melisande”, “The Prince, Two Mice, and Some Kitchen-maids”, and “The Plush Usurper” are on par with Hans Christian Anderson and Brothers Grimm. But, there are other stories where the real world and the magical world interconnect enabling participants to cross over into the realm of magic and fantasy. These are equally enjoyable, like “The Cockatoucan” where a girl and her governess take the wrong “omnibus” and end up in a magical world. An Omnibus was a horse drawn bus from the Victorian era. The word Omni was dropped when the vehicles were motorised and became more numerous. But I digress....The stories in this volume are: The Cockatoucan, Whereyouwantogoto, The Blue Mountain, The Prince, Two Mice And Some Kitchen-Maids, Melisande: Or Long And Short Division, Fortunatus Rex And Co., The Sums That Came Right, The Town In The Library In The Town In The Library and The Plush Usurper **YESTERDAY’S BOOKS FOR TODAY’S CHARITIES** 10% of the publisher's profit from the sale from this book will be donated to Charities. ===== **KEYWORDS/TAGS:** folklore, fairy, Tales, children, stories, bedtime, fables, illustrated, myths, legends, E Nesbit, edith, railway children, five, 5 children and IT, magic, fantasy, post-victorian, storytelling, Cockatoucan, Whereyouwantogoto, Blue Mountain, Prince, Two Mice, Some Kitchen-Maids, Melisande, Long And Short Division, Fortunatus Rex, Sums That Came Right, Town In The Library, Plush Usurper

On magical realism in literature

Based on appealing magical characters, this new Workbook complements the KS2 Maths Revision Guide to fully prepare pupils for their SATs. It is specifically aimed at pupils working towards Levels 3-4

Our theme is Medieval... Our skills blend fantasy with play-ability... Our combat system is fast but not full contact. We believe registration should be fast, simple and efficient. We don't want you to take 6 months to learn the game, we want you to start playing as quickly as possible. LarpCraft provides a system unlike any other you have ever seen. Diverse story and worlds, online character tracking and the ability to use your experience to learn the skills needed to progress your character.

MEDIEVAL MUSIC. MAGICAL MINDS It has only been since the Age of Reason that human beings consider music to be strictly an aesthetic experience. Up until that time, however, music was both intended and designed to have a specific effect upon the mind and emotions of the listener. Religious chant was designed to raise consciousness. Dance music was meant to celebrate fertility, both human and that of the Earth, and to bring earthly joy and ecstasy to those both dancing and listening. This groundbreaking book fulfills two purposes. The first is to introduce interested musicians to the increasingly-popular field of medieval music. The second is to trace the history of all music, as well as its effect upon the level of awareness of the listeners. Internationally-noted soprano Mary Devlin, a great lover of medieval music expounds upon both her studies and her experience with that genre to try to recreate the thoughts and feelings of the people in the Middle Ages who once composed, performed, and lived that music.

From the very first Magical Girl Raising Project to ACES, dozens of magical girls have found a special place in our hearts. This collection of bonus stories tells of the more peaceful days in their lives and adds further context to previous events!
