Making Sense Of The Future

In my research I found that those who successfully created new futures for themselves tended to move through their grief and growth in three phases: 1. Regulate emotions It's hard to think straight when your system is flooded with emotion, and there's a lot to feel... 2. Engage in sense-making From ...

Sam Harris—neuroscientist, philosopher, and bestselling author—has been exploring some of the most important questions about the human mind, society, and current events on his podcast, Making Sense. With over one million downloads per episode, these discussions have clearly hit a nerve, frequently walking a tightrope where either host or guest—and sometimes both—lose their footing, but always in search of a greater understanding of the world in which we live.
