learning experience, showing them how to construct social media strategies that achieve desired marketing goals. These marketing goals shape the development of tailored social media strategies. Special attention is given to the most effective techniques for identifying targeted marketing on the social web, with emphasis on the creation of personas that represent the critical online market segments for a company. Students discover how to put these well-defined personas to work in selecting the optimal social media platforms for reaching an organization's marketing goals. Students are taught rules of engagement and social media ethics for behaving properly as marketers on the social web. With these guidelines in mind, the most productive marketing tactics for each type of major social media platform are examined in
