Marrow by Robert Reed tells the story of an ancient colossal vessel in possession of secret wonders. In the course of the narrative, the ship Conceptually, this is an intriguing book. The notion of a mammoth spaceship older than Old, stuck on autopilot and navigating the universe, does dance the curiosity into a shivering ache of hope.

MARROW. by Robert Reed ?

RELEASE DATE: Sept. 1, 2000. Reed has previously written stories (included in *The Dragons of Springplace*, 1999) about a galaxy-cruising, supercolossal spaceship: this is the novel. Of unknown origin, the ship is nearly as ancient as the universe itself; when it wandered near the Milky Way, various human factions fought to take possession.
