[apply edits made above] The Mazda MX-5, (known as Miata in North America and Eunos Roadster in Japan), revolutionized the lightweight two-seater roadster market. By taking the front-engine, rear-wheel-drive layout of traditional British and Italian roadsters and combining it with the modern function and reliability for which Japanese cars were justly famous, Mazda created what many consider the perfect sports car. The MX-5 became the best-selling sports car of all time, selling over a million units worldwide.

Customers proved that they hadn't lost their desire for simple, lightweight two-seat convertibles; they had simply lost their desire for unreliable, archaic European anachronisms that caught on fire as part of their charm. In 2009, English automotive critic Jeremy Clarkson wrote: "The fact is that if you want a sports car, the MX-5 is perfect. Nothing on the road will give you better value.

The Ford Bronco is a sport utility vehicle that was produced from 1966 to 1996, with five distinct generations. The Bronco permanently entered American popular culture on June 17, 1994, when a white 1992 model owned and driven by Al Cowlings with O. J. Simpson, who was wanted for the murders of his ex-wife and her friend, attempted to elude the Los Angeles Police Department in a low-speed chase, which was nationally televised and viewed by

millions nationwide. This is complete story from conception through discontinuation in 1996, told by historian (and well-known "Ford guy") Paul McLaughlin utilizing his large collection of photographs, brochures, ads and other promotional material. Follow the Bronco's various incarnations from a small sport utility vehicle of the 1960s and 1970s into the larger full-size Bronco of the 1980s and 1990s, special models like the "Bill Stroppe Edition", "Eddie Bauer Specials", the Bronco II and other juicy tidbits like the Bronco concept vehicle that Ford took on the car show circuit in 2005 (which got Bronco enthusiasts so excited that Ford was going to add a Bronco vehicle to their lineup once again). Also covered are the Broncos that were raced in off-road desert racing, Bronco toys and other collectibles, specification sheets, production numbers, and other interesting facts. Finally, a book for all Bronco
