in the successful Dugopolski series in mathematics. In his books, students and faculty will find short, precise explanations of terms and concepts written in clear, understandable language that is mathematically accurate. Dugopolski also includes a double cross-referencing system between the examples and exercise sets, so no matter where the students start, they will see the connection between the two. Finally, the author finds it important to not only provide quality but also a wide variety and quantity of exercises and applications.

Accounting Solutions Introductory German.

Communicative Competence:
The program supports the communicative goals of the course by engaging students with authentic materials in print, audio, and video and puts the students into the kinds of situations they would encounter in any German-speaking environment. The program has been carefully designed to get students to communicate in a controlled way at first, then in a progressively more open-ended fashion, on a variety of topics that affect their own lives. In Connect German, students have full access to the digitally enhanced eBook,

the online Workbook/Lab Manual activities, LearnSmart, and all of the accompanying audio and video resources, giving them the ability to interact with the materials as often as they wish. Cultural Competence: Deutsch: Na klar! engages students in cross-cultural comparisons and analysis—express opinions, summarize, and synthesize texts, and narrate events—throughout the program. The cultural program's meaningful and extensive exploration of the German-speaking world is fully supported in Connect German through audio and video resources and interactive activities.

Accounting Solutions
business fairy tale. Much of it really happened. Don't read this book if you are looking for simple answers and magic formulas. Although the book includes some concepts and techniques anyone should know about people and business, it does not promise success.

Business Voyages is problem-oriented, presenting some of the problems encountered by the author and others on their business voyages, while explaining tools and processes anyone can use for analyzing and dealing with inevitable problems that will be encountered in any business world. Business Voyages is also opportunity-
