research design and  
research process.

## 4.2.1 Research

Design and Research  
Process Kumar  
(1999) stated that a  
research design is a  
procedural plan that is  
adopted by

Get Free  
Measurement  
researchers to answer  
questions objectively,  
accurately,  
economically and with  
validity. A traditional  
research design is a  
blueprint or detailed  
plan of how a  
research study is to  
be completed;  
operating variables for  
measurement,  
selecting a sample,  
collecting data
