A blind woman leads her Naples police colleagues through the darkness in this distinctive crime thriller. A report has landed on Commissario Martusciello's desk. The lifeless body of the singer Jerry Vialdi—aka Gennaro Mangiavento—has been found at the Naples football stadium; another corpse, this one a Jane Doe, has been discovered in the Bentegodi Stadium in Verona, hundreds of miles away. The bodies were left in a fetal position and there are no signs of physical violence: The method and the madness behind it appear to hide some unutterable secret. Conclusion: a daring challenge left by a psychopath for the police—who are stabbing in the dark with no idea where to begin. All except for superintendent Blanca Occhiuzzi: Beautiful, blind from

birth, forced by the dark that envelops her to perceive the world through only four senses, she feels the fear in people; she feels their guilt and their innocence. It is she who takes Martusciello by the hand, guiding him into the mind of a murderer . . .

Against All Odds - The Story of Rosina Sedibane Modiba tells the heroic story of one of South Africa's most talented track-and-field athlete, Rosina Sedibane Modiba. Modiba is a woman from the township who dared to dream, despite the

odds. And with the persecution of another female African athlete; Caster Semenya; this book is even more relevant. Modiba is a pioneer because as a black African woman athlete, she competed in multi-racial championships in 1976; at the height of apartheid and when it was illegal to compete against whites. Also this was during one of the most historic and volatile periods in South African history. She made history when she became the first black South African woman athlete to win a gold medal in 1500m during the multi-racial provincial championships at Pilditch Stadium in Pretoria in March 1977. Rosina astonished everyone when she beat the current record holder and favorite in the white federation, Sonja Laxton. Rosina was a dominant force in athletics in the country, dominating in both the black federation and in

multiracial meets. This at a time when even the stadiums where Rosina competed in multi-racial races were in designated white areas. The pass laws were still in place and blacks needed permission to get to the stadiums. That prevented a majority of black people who wanted to see Rosina run from going.

rape of a fellow classmate and trigger a change in the misogynist culture at their high school transforming the lives of everyone around them in this searing and timely story. Who are the Nowhere Girls? They're everygirl. But they start with just three: Grace Salter is the new girl in town, whose family was run out of their former community after her southern Baptist preacher mom turned into a radical liberal after falling off a horse and bumping her head. Rosina Suarez is the queer punk girl in a conservative Mexican immigrant family, who dreams of a life playing music instead of babysitting her gaggle of cousins and waitressing at her uncle's restaurant. Erin Delillo is obsessed with two things: marine biology and Star Trek: The Next Generation, but they aren't enough to distract her from her suspicion that she may

in fact be an android. When Grace learns that Lucy Moynihan, the former occupant of her new home, was run out of town for having accused the popular guys at school of gang rape, she's incensed that Lucy never had justice. For their own personal reasons, Rosina and Erin feel equally deeply about Lucy's tragedy, so they form an anonymous group of girls at Prescott High to resist the sexist culture at their school, which includes boycotting sex of any kind with the male students. Told in alternating perspectives, this groundbreaking novel is an indictment of rape culture and explores with bold honesty the deepest questions about teen girls and sexuality.
