~~An action-packed memoir that takes readers front row, backstage, and on the road with rock and roll's hardest-working photographer Bob Gruen is one of the most well-known and respected photographers in rock and roll.~~

From John Lennon to Johnny Rotten; Muddy Waters to the Rolling Stones; Elvis to Madonna; Bob Dylan to Bob Marley; Tina Turner to Debbie Harry, he has documented the music scene for more than 50 years in photographs that have captured the world's attention. Now in paperback, Right Place, Right Time is Gruen's personal journey from discovering a love of photography in his mother's darkroom when he was five, through his time in Greenwich Village for 1960s rock and 1970s punk, to being named the world's premiere rock photographer by the New York Times. With fast-paced stories and iconic images, Gruen gives the reader both a front row seat and a backstage pass to the evolution of American music culture over the last five decades. In the words of Alice Cooper, "Bob had the ultimate backstage pass. Can you imagine the stories he's got?"

Cynthia and John Lennon's relationship spanned ten crucial years of the Beatles phenomenon. But as well as new insight into the Beatles years, Cynthia has a compelling personal story of marriage, motherhood and the man who was to become the most idolised and admired of all the Beatles. Cynthia is candid about the cruel and the loving sides of John. She tells of the end of their marriage and the beginning of his relationship with Yoko Ono in more detail than ever before, and reveals the many difficulties estrangement from John - and then his death - brought for herself and Julian. Cynthia is a remarkable survivor and this is her extraordinary story and unique insight into a man loved and idolised all over the world.

Oral history of the making of Double Fantasy and account of Lennon's last days.

Fang, John Lennon's girlfriend from 1973 to 1975, presents these never-before-seen images of the music icon. She has written rich captions to accompany her photos--taken together, they tell a simple story of the time she and Lennon spent together.

A lifetime of letters, collected for the first time, from the legendary musician and songwriter. John Lennon was one of the greatest songwriters the world has ever known, creator of "Help!", "Come Together", "Lucy in the Sky with Diamonds", "Strawberry Fields Forever", "Imagine", and dozens more. But it was in his correspondences that he let his personality and poetry flow unguarded. Now, gathered for the first time in book form, are his letters to family, friends, strangers, and lovers from every point in his life. Funny, informative, wise, poetic, and sometimes heartbreaking, his letters illuminate a never-before-seen intimate side of the private genius. This groundbreaking collection of almost 300 letters and postcards has been edited and annotated by Hunter Davies, whose authorized biography The Beatles (1968) was published to great acclaim. With unparalleled knowledge of Lennon and his contemporaries, Davies reads between the lines of the artist's words, contextualizing them in Lennon's life and using them to reveal the man himself.
