Health - GOV . UK

In fact, everyone has mental health.

You will have times when your mental health is good – and times when it's not as good – just like your physical health. Mental health is our individual state

Get Free Mental Health

of wellbeing, defined by our ability to cope with normal, day to day life.

Sometimes you'll experience low mood, fear, anxiety or confusion.

About mental health | Health Information |

Get Free Mental Health

Bupa UK

What is mental health? Mental health includes our emotional, psychological, and social well-being. It affects how we think, feel, and act. It also helps determine how we handle stress, relate

Get Free Mental Health

to others, and make healthy choices. 1
Mental health is important at every stage of life, from childhood and adolescence through adulthood. Although the terms are often used
