Questo libro nasce dalla collaborazione tra una biologa nutrizionista (Dott.ssa Annalisa Barera) e una zoologa naturalista appassionata di cucina naturale (Dott.ssa Francesca Tantalò). L'idea di un libro di ricette per gatti è nata sulla scia del libro per cani (BAURICETTE), perché non esistono molti libri sulla alimentazione del gatto. Le ricette sono semplici ma molto saporite per venire incontro alle esigenze dei gatti più difficili. Chi ha un gatto in casa sa quanto è difficile fargli apprezzare cibi nuovi e con queste ricette potrete trovare la giusta formulazione per tutti. Ci sono ricette di base, ricette di brodi da poter aggiungere al cibo per insaporirlo, ricette per l'inverno e ricette per il caldo. Gli ingredienti sono semplici, facilmente reperibili ma ricchi di nutrienti. Il gatto è un carnivoro stretto e le ricette rispecchiano queste caratteristiche avendo come basi sempre carni, pesce e frattaglie. Le cotture sono veloci e la preparazione aiuta a mantenere i nutrienti di base nel piatto finale. Per chi ama la cucina, i piatti proposti possono essere rielaborati per presentarli non solo al gatto di famiglia ma anche ai familiari!

Paris may be the capital of haute cuisine, but expat Marc Grossman craves the food he grew up with in New York and Brooklyn. So he has lovingly recreated those iconic recipes, from blintzes, bialys, and black & white cookies to pork buns, matzo ball soup, and everything in between. Grossman zooms in on particular neighborhoods and their special fare, even including addresses of his favorite restaurants.

This “ richly textured biography ” (Chicago Tribune) inspired the mesmerizing documentary, Letters from Baghdad, soon to air on public television. Here is the story of Gertrude Bell, who explored, mapped, and excavated the Arab world throughout the early twentieth century. Recruited by British intelligence during World War I, she played a crucial role in obtaining the loyalty of Arab leaders, and her connections and information provided the brains to match T. E. Lawrence's brawn. After the war, she played a major role in creating the modern Middle East and was, at the time, considered the most powerful woman in the British Empire. In this masterful biography, Janet Wallach shows us the woman behind these achievements – a woman whose passion and defiant independence were at odds with the confined and custom-bound England she left behind. Too long eclipsed by Lawrence, Gertrude Bell emerges at last in her own right as a vital player on the stage of modern history, and as a woman whose life was both a heartbreaking story and a grand adventure.

Emmy Award-winning filmmakers Jim and Jamie Dutcher produced the Discovery Channel's most successful wildlife documentary based on this book. The authors spent six years in the Idaho wilderness living with a pack of wolves and documenting their activities.
