Migration Law Lu

Migration Law. We aim to address one of the most compelling political and legal issue that faces our society today – the obligation of states towards migrants, asylum-seekers and refugees. We are interested in all aspects of the challenges raised by the rights of people on the move, including their access to safe migration routes, access to fair asylum determination procedure, access to rights and integration possibilities.

Migration Law - law.lu.se

Migration Law. The course will start off with an introduction into regimes in international law and offer an overall comparison of the trade and migration regimes against the backdrop of economic and human rights parameters. The interest of the states to regulate migration is taken as a vantage point. A central issue running through the course is how the state sovereign entitlement to control immigration could come into conflict with human rights law.
