EXECUTIVE SUMMARY: One of the cyclical patterns of Russian history is

# Acces PDF Military Modernization And The

the country's perpetual quest for military modernization. This quest was pursued by the Romanovs and the Soviets and continues in modern-day Russia. Military spending is always prioritized over essential economic and social reforms, hampering the country's competitiveness on the world stage and paving the way for its weakening and eventual disintegration.

## Russia's Perpetual Quest for Military Modernization

During the last seven years, the Russian military has made great strides in modernizing its weapons and equipment. By and large, these new armaments have been based on updated versions of late Soviet designs. The Russian defense industry now faces the far more formidable challenge of bringing new designs into serial production.
