Books by Haha Lung (Author of Mind Manipulation)

This book alternates hard between crackpot pseudoscience/history and real, practical psychological insights. I rather laboured through this read since I felt an instinctive need to fact-check just about everything, and honestly there were times I wondered if I was reading a book on mind manipulation or if the book was manipulating my mind.

Buddha said, "Your greatest weapon is your enemy's mind." Crucial to victory in any battle is psychological warfare, a technique employed and perfected by history's greatest military thinkers, such as Sun Tzu, Yoritomo, and Musashi of Japan; and several lesser-known but incredibly influential masterminds. Dr. Haha Lung, author of more than a dozen books on martial arts, presents an all-in-one primer to breaching your enemy's mental defenses. Building on the techniques he presented in the classic Mind Manipulation, he shows how to use your enemy's fears, insecurities, hopes, and beliefs against him. Some of the most effective mind control techniques are from forgotten masters of the trade, and are featured here for the very first time.

- Dark Arts: the art of intimidation
- The Secret of Seven: the Seven Wheels of Power
- Masters of the East: Including the Craft of the Hircarrah, Vietnamese voodoo
- Chinese Face: the art of K'ung Ming and Chinese face-reading
- Samurai Sly: Yoritomo's Art of Influence; the Way of No-Sword; Shadow Warriors.
- Blood of Abraham: Biblical black science

The fighting skills of the shadow warrior - the ninja - made them feared throughout Japan. But the wise man had greater fear for their bloodless methods of domination, which the ninja mind masters preferred to crude physical violence. Ninja broke through their enemies' mental defenses using direct attack or stealth, comparing such operations to invading an enemy fortress. In this guided tour through the mysterious realm of the ninja, martial arts experts Dr. Haha Lung and Christopher B. Prowant reveal the secrets that will allow you to tell when someone is lying to you, implant false memories, tailor your attack by using the specific keys to each individual's mind, use verbal patterns and body language to earn your foe's utter trust, interrogate using unbeatable psychological methods and much more. You will also learn the terrifying truth behind modern mind-control, propaganda and brainwashing techniques used by cults (and our own government), as well as take a look ahead to the future of mass mind control. The wars of tomorrow may well be won or lost in the battlefield of the mind. This book could mean the difference between winning your freedom and losing everything.
