Miquon Math - Sunrise to Sunset
Mathematics The overall goal of mathematics learning at Miquon is to enable children to understand and apply mathematics throughout their lives. We want them to become confident mathematical thinkers who understand why as well as how and who can see connections and continuity in their growing mathematical knowledge.

was the first Math curriculum we used for elementary level math. Why you liked/didn't like the curriculum: Miquon gave my sons an intuitive grasp of basic number relationships and made it easy for them to learn their basic math facts. It was an incredible value for the price.

Reviews of Miquon Math from Homeschool Math

When Maria of Homeschool Math Blog asked if I would review her Math Mammoth curriculum, I jumped at the chance. I've always enjoyed her blog posts, and I liked the worksheets I had seen on her website. (Maria gives away more than 300 pages absolutely free!). She sent me her then-new 4th grade worktexts, and Kitten and I dug in.. Well, that was longer ago than I care to admit.
