The Tarot Tells It All - No Reverses Patricia was certainly a teacher of teachers, as this book will soon reflect. She instilled in her students the knowledge that reverse meanings were not used in the Tarot until the early part of the Nineteenth Century. She pointed out that there are sufficient 'negative' cards and combinations in the Tarot as part of a reading using upright positions only. Hence, as her friends' research bore out, reverse meanings were not part of the original and traditional teachings of the Tarot! Patricia M. Walker It seems that Patricia Walker's very last assignment on Earth was to finish this book. One week after having completed the final revision work on her manuscript, she died. It's clear from all accounts that she had virtually willed herself to stay alive long enough to finish this remarkable writing. Patricia was an exceptional person. She believed in justice above all else, and that the underdog was always worth fighting for. That LOVE was the most important gift we could give and that, firstly, you were a spiritual being having an earthly experience. Her philosophy of life was to give out what you wanted to receive and to strive to be all that you could be.

We know it as the Golden Rule. Jesus called it the Greatest Commandment: 'You shall love your neighbour as yourself ... do unto others as you would have them do unto you.' In her latest book, Joyce Meyer proposes that Christians do something revolutionary: actually practice love. The book is a hands-on guide to bringing to life the basic message that Christ brought. In it, Meyer examines what will happen if we each decide that we will refuse to live only for ourselves and instead take on the challenges and problems of others. Meyer takes a global view of the Love Revolution, addressing such issues as \*human trafficking \*domestic

A new kit featuring one of the world's most popular tarot decks! The Thoth Tarot was the result of five years of painstaking effort by legendary occultist Aleister Crowley. This kit contains everything a reader of the Thoth Tarot might need: an authoritative 96-page book from authorities Johannes Fiebig and Evelin Burger and 80 cards with 24 reinterpretations of the major arcana and 56 of the minor arcana, including 3 versions of the Magus card, all painted with flaming intensity and rich in symbolism.

The gentle, graceful imagery of this charming deck is set against a tapestry of medieval England. Old English Tarot inspires a peaceful atmosphere for readings and meditation.
