There are more similarities between the 7 billion people worldwide than there are differences, and global harmony, instead of widespread conflict, is possible. The "global mosaic" of our lives: lifestyle, culture, nationality, race, religion, gender, gender identity, ability, sexual orientation, socioeconomic level, and belief system are all tiles that can fit together to form a colorful and harmonious cultural mosaic. In *Global Discontent: The Mosaic of Cultural Diversity*, Dr. Pedram provides us with a user-friendly philosophical, historical, and sociological guide to many of the issues facing the world today, and to possible resolutions toward an ideal world. This work is an expression of Dr. Pedram's dream: that in the twenty-first century humanity in every corner of the globe will put conflict, war, hostility, and global discord behind them and, in their place, work to create a cooperative and peaceful global community, with global governance for the common good.
