terms, a bibliography of sources, and a "Further Reading" section with each essay • Contains appendices of census statistics on American immigration • Presents a chronology of major historical events in each of the sending country's history

This comprehensive title is among the first to extensively use newly released 2010 U.S. Census data to examine multiculturalism today and tomorrow in America. This distinction is important considering the following NPR report by Eyder Peralta: “ Based on the first national numbers released by the Census Bureau, the AP reports that minorities account for 90

percent of the total U.S. growths 4
since 2000, due to immigration and
higher birth rates for Latinos. ”

According to John Logan, a Brown
University sociologist who has
analyzed most of the census
figures, “ The futures of most
metropolitan areas in the country
are contingent on how attractive
they are to Hispanic and Asian
populations. ” Both non-Hispanic
whites and blacks are getting older
as a group. “ These groups are
tending to fade out, ” he added.
Another demographer, William H.
Frey with the Brookings
Institution, told The Washington
Post that this has been a pivotal
decade. “ We ’ re pivoting from a
white-black-dominated American
population to one that is multiracial
and multicultural. ” Multicultural

The Encyclopedia of Multicultural Psychology is the first authoritative guide to synthesize the dynamic field of multicultural psychology. This volume includes entries on a broad array of issues and covers the breadth of psychology viewed through the lens of the racial and ethnic minority experience. The Encyclopedia addresses culture across a broad spectrum of psychological perspectives and

psychology.

In the study of multicultural education, there are key names, places, concepts, and legal actions which provide a foundation for the field. This reference includes more than 400 entries from a broad range of topics related to multicultural education. While many of the entries are for terms and theories related to multicultural education, the volume also provides entries for notable persons from different cultures and relates them to the curriculum. In addition, the book includes

entries for particular cultural groups, which examine their educational experiences and needs. Each entry not only helps to identify and place in an historical perspective a particular term, but also links that term to an important aspect of multicultural education. Entries provide bibliographic information, and the volume concludes with a selected, general bibliography.

Essays on approximately 150 culture groups of the U.S., from Acadians to Yupiats, covering their history, acculturation and assimilation, family and community dynamics, language and religion.

The debate over America's multiculturalism has been intense

America An Encyclopedia
Of The Newest Americans 4
Volumes Kai

for nearly three decades, dividing opponents into those insisting on such recognition and those fearing that such a formal acknowledgment will undermine the civic bonds created by a heterogeneous nation. Facts have often been the victim in this dispute, and few works have successfully attempted to present the broad spectrum of America's ethnic groups in a format that is readable, current, and authoritative. This reference book includes alphabetically arranged chapters on more than two dozen racial, religious, and ethnic groups of the United States, including African Americans, American Indians, Filipinos, Hawaiians, Mexicans, Mormons, and Puerto Ricans. Each chapter is written by a leading scholar and overviews

the experiences and achievements of a particular group in the United States. Among the topics considered are the group's entry into America; the problems of adaptation faced by the first generation; economic, political, and cultural integration; and the status of the group in contemporary society. Each chapter ends with a thorough bibliographical essay, and the volume concludes with a review of the most important general works in the field.
