EMT Certification – National Registry of EMTs

To qualify and get your EMS national certification, you must pass both the cognitive exam AND the psychomotor exam. Before taking your practical exam, please contact your course instructor to walk you through the steps of scheduling your exam. The reason is, the psychomotor exam is administered by your State EMS Office, not the National Registry, therefore it varies between states how and where you will test, but the information you must present should be the same across the board.
