Nationalism is a movement and a state of mind that brings together national identity, consciousness, and collectivities. It accomplished the great transformation from the old order to modernity; it placed imagination above production, distribution, and exchange; and it altered the nature of power over people and territories that shapes and directs the social and political world.

Nationalism Five Roads to Modernity by Liah Greenfeld ...

"In Nationalism: Five Roads to Modernity, I analyzed how the three types of nationalism developed and how they acquired their specific forms in England and the United States (which represent the first type of the individualistic and civic nationalism), in France (the model of the second type of collectivistic and civic nationalism), and in Russia and Germany (which represent the third, the collectivistic and ethnic type). Here I shall only note some general tendencies.
