Paths to College and Career Jossey-Bass and PCG Education are proud to bring the Paths to College and Career English Language Arts (ELA) curriculum and professional development resources for grades 6–12 to educators across the country. Originally developed for EngageNY and written with a focus on the shifts in instructional practice and student experiences the standards require, Paths to College and Career includes daily lesson plans, guiding questions, recommended texts, scaffolding strategies and other classroom resources. Paths to College and Career is a concrete and practical ELA instructional program that engages students with compelling and complex texts. At each grade level, Paths to College and Career delivers a yearlong curriculum that develops all students' ability to read closely and engage in text-based discussions, build evidence-based claims and arguments, conduct research and write from sources, and expand their academic vocabulary. Paths to College and Career's instructional resources address the needs of all learners, including students with disabilities, English language learners, and gifted and talented students. This enhanced curriculum provides teachers with freshly designed Teacher Guides that make the curriculum more accessible and flexible, a Teacher Resource Book for each module that includes all of the materials educators need to manage instruction, and Student Journals that give students learning tools for each module and a single place to organize and document their learning. As the creators of the Paths ELA curriculum for grades 6–12, PCG Education provides a professional learning program that ensures the success of the curriculum. The program includes: Nationally recognized professional development from an organization that has been immersed in the new standards since their inception. Blended learning experiences for teachers and leaders that enrich and extend the learning. A train-the-trainer program that builds capacity and provides resources and individual support for embedded leaders and coaches. Paths offers schools and districts a unique approach to ensuring college and career readiness for all students, providing state-of-the-art curriculum and state-of-the-art implementation.

This book constitutes the refereed proceedings of the 15th International Conference on Text, Speech and Dialogue, TSD 2012, held in Brno, Czech Republic, in September 2012. Do you spend entirely too much time correcting your students' papers? Do your students' essays and term papers take side trips to nowhere? Is their writing riddled with mechanical errors? Do their lab reports and essays lack specificity and clarity? Writing in the Content Areas, Second Edition is for middle and high school content area teachers who assign essays, term papers, lab reports, and other writing tasks to students. This book provides strategies and tips to help teachers of social studies, science, art, etc. improve the quality of students' writing and apply national and state curriculum standards in your classroom. The strategies in this book can be integrated easily into every teacher's daily plans. They will help your students improve their abilities to - reflect before writing - organize and classify - provide detail without padding - use technical terminology correctly - avoid unnecessary words - spell correctly - take useful notes while they read and during your lectures. This book will help teachers - get what they want from a writing task - frame their assignments more precisely - correct student papers more quickly and efficiently The new second edition offers activities and strategies which involve technology (word processing, presentation programming, the Internet, and e-communications), differentiated instruction, and brain-based learning.

Improves English progress at Key Stage 2 by 3.75 times the UK national average Dominic Traynor, the founder of LitFilmFest, and experienced educator Cath Bufton-Green offer a practical method for primary teachers to radically improve English attainment in their classroom. This innovative approach links global challenges including politics, social change, the environment, health and advertising to the five key National Curriculum areas in English: reports, instructions, persuasive language, fiction and poetry, and presentation skills. It develops reading and writing through exciting, real-world tasks such as emailing a politician, creating a viral video and using social media to start petitions. Literacy Beyond the Classroom presents ready-to-use lesson plans, exercises and activities to help teachers bring this concept to life in the primary classroom. This way of learning has been found to improve English progress at Key Stage 2 by 3.75 times the UK national average. The projects can be completed in Adobe Spark. By teaching English in this practical, purposeful and more meaningful way, we can inspire the YouTube generation to learn the literacy skills they need to influence the world around them and have a positive impact as global citizens.

"[This book] provides a step-by-step approach to lesson planning. Although easily accessible, the ideas presented are rooted in established educational theory. It contains both thought-provoking analysis on the rôles of the teacher and clear explanations of key principles. The chapters are based on real life questions such as: What can go into a lesson or course? How do people learn? How can I teach? What materials can I choose? How can I get started on planning? This book will help inexperienced teachers gain confidence in establishing sound working practices and will give more experienced teachers ideas to refresh their routines." -- book jacket.

Grade 10.
