The D100 was Nikon's  
first amateur DSLR,

# Where To Download

introduced way back in 2002. It was replaced by the improved D70 in 2004 and the D70s in 2005. Oddly you can still buy the D100 and even have to pay more for it than the newer, better D70s. Even more amazing is that some people pay more for a used D100 than they could pay for a brand new D70s.
