Engaging in ongoing, continuing professional development (CPD) is a strategic imperative for the health informatics professional. In our global economy, healthcare is fast-paced, dynamic, and ever-changing. While this rapid change is both exciting and exhausting, digital health transformation is positively impacting lives, today and every day, in ways not previously imagined. Faced with a COVID-19 pandemic that has forever changed the landscape of health and care delivery, global health and care stakeholders must ensure that our ecosystem continues to rapidly evolve through innovation, government and ministry incentives, and technological advancements to reach citizens everywhere. For these reasons, health informaticists must embrace lifelong learning to ensure they have the professional competencies to advance initiatives that positively impact patient care. The Handbook of Continuing Professional Development for the Health Informatics Professional, Second Edition has adapted to the evolving needs of health and care professionals everywhere. The Handbook provides the rationale and the resources to do so and serves as a reference to enhance one's career. No other comprehensive resource exists to assist health informaticists in developing and maintaining their professional competencies. Written as a contributed compilation of topics by leading practitioners, the book discusses the most critical competencies needed to ensure understanding of the vast health and care ecosystem while also highlighting industry influences that shape the very evolution of health information and technology. About HIMSS The Healthcare Information and Management Systems Society (HIMSS) is a global advisor, thought leader, and member association committed to transforming the health ecosystem. As a mission-driven non-profit, HIMSS offers a unique depth and breadth of expertise in health innovation, public policy, workforce development, research, and analytics to advise leaders, stakeholders, and influencers from across the ecosystem on best practices. With a community-centric approach, our innovation engine delivers key insights, education, and engaging events to healthcare providers, payers, governments, startups, life sciences, and other health services organizations, ensuring they have the right information at the point of decision. HIMSS has served the global health community for more than 60 years with focused operations across North America, Europe, the United Kingdom, the Middle East, and Asia-Pacific.

Continuing professional development (CPD) is critical for the health IT professional. Healthcare is fast-paced, dynamic, ever-changing, and global. It's both exciting and exhausting. And it is rapidly evolving through innovation, Federal incentives, and technological advancements. For these reasons, health IT professionals must embrace lifelong learning to ensure they have the professional competencies to advance initiatives that positively impact patient care. This handbook will provide the rationale and the resources to do so and will serve as a reference to accompany one's career success.

A practical guide for realizing the true potential of social media—not for marketing, but for leadership. Knowing the tools of social media is a must for successful marketing these days, but the real promise of social media is the way it can teach us a whole new way of doing business. Humanize takes the principles underlying social media's growth and applies them to the way we lead and manage our organizations. Leading organizational consultants Jamie Notter and Maddie Grant help you change your organization, from the culture down to individual behavior, in ways that make it more human—and more effective. Drawing on their extensive experience, Notter and Grant help you make management innovation real and doable. Regardless of your title or position, this book can help you:

- Build a more trustworthy, open, generative, and courageous organization by embracing social and human principles.
- Change organizations from the inside out.
- Address critical elements of organizational behavior, process, and culture.
- Move beyond the social media buzzwords like transparent, decentralized, and open—and actually make them happen.
- Promote forms of “generative” success that go beyond profit and loss.
- Learn how to get started—you, personally, today, right now!

Gaining the right managerial skills will help launch a career in a field that is in high demand and short supply. With this book, readers will acquire the knowledge and tools to manage employees as well as to deal with the increasingly complex changes that occur in the business world. Library work is really all about people. And the inclusive, welcoming nature of the library means that all kinds of people pass through its doors. Not all difficult patrons are dangerous, but some frighten staff and other library users, which can lead to situations that are distracting, troubling, and fraught with liability. For more than a decade, Albrecht, a 15-year police veteran, has presented workshops for libraries on dealing with challenging patrons. His no-nonsense advice will empower library staff in their personal security and give them the tools to confidently communicate with their colleagues, patrons, and members of law enforcement regarding inappropriate behavior. In this book he addresses security issues important to all libraries, including Specific guidance for common situations, such as unruly teens, unwanted sexual advances, chronically homeless substance abusers, and moreThe elements of an effective Code of Conduct and how to enforce itTips on how to manage internet usage to minimize potential problemsHow to align with patrons and use language that defuses the conflictForming partnerships with service organizations, homeless shelters, mental health advocacy groups, and other community resourcesHow to know when it's time to call the police, plus ideas for increasing law enforcement supportWays to make the library more secure through changes to facilitiesThrough the methods outlined in this book, Albrecht demonstrates that effective communication not only makes library users feel more comfortable but also increases staff morale, ensuring the library is place where everyone feels welcome.
