Literature, Shorter Ninth Edition, is more flexible and attractive than ever before.

The classic reader that has introduced millions of students to the essay as a genre.

Used by more than 3.5 million students, The Enjoyment of Music has been the most trusted introduction to music for over five decades. The Tenth Edition reaffirms this status in a thoughtful revision offering a more diverse repertory and a stronger emphasis on the cultural significance of musical styles and periods. Responding directly to the needs of today's students, Professor Forney has completely rewritten the chapters on musical elements for accessibility and integrated the textbook material with powerful new multimedia learning tools. These resources—the Student Resource DVD, StudySpace, and the Online Listening Lab—reinforce important concepts from the text through interactive, hands-on learning.

Emphasizing the relevance of politics and government in everyday life, We the People provides tools to help students think critically about American government and politics. The Sixth Edition has been carefully updated to reflect most recent developments, including the ongoing conflict in Iraq and the 2006 midterm elections.
