The beloved creator of "Notes from the Universe" distills a career's worth of inspiration into elegant, brief lessons for making our way through the world--conceived as a guidebook for his young daughter yet relevant to everyone who's living a life on earth. (In other words, everyone.) Mike Dooley returns with what he expects to be his most impactful book yet: a volume of elegant, brief lessons conceived as a message from a father to his daughter, and equally relevant to everyone who's living a life on earth. (In other words, everyone.) Mike is a beloved teacher and thought leader for seekers around the world, known for his trademark humor, wisdom, and sheer joy in living--all of which he's shared in his 17 books and his free daily e-mails of "Notes from the Universe." His Beginner's Guide to the Universe, inspired by such classics of gem-like wisdom as Life's Little Instruction Book, The Four Agreements, and The Things You Can See Only When You Slow Down, gives voice to his most essential, heartfelt advice about living deliberately and creating consciously. Guiding the reader thoughtfully and joyfully through a range of topics--including family and relationships, power and responsibility, adversity and bouncing back from it, even the nature of heaven, angels, and God--Mike succeeds in making a happy life in this universe seem easily within our reach. With short passages of text placed artfully on each page, and a format that's a pleasure to hold in the hand, this is an ideal gift for a parent, a parent-to-be, a child, a new grad, a dear friend, or anyone who needs a dose of Dooley, whether they know it or not.

What if the Universe were to send you frequent reminders of the absolute power you have over your life? Author Mike Dooley, an interpreter for the Universe, has done exactly that in Notes from the Universe—a collection of empowering, invaluable truths that can be read front to back or opened at random. This first book in the Notes from the Universe trilogy teaches its readers to live a life far richer than they had previously thought imaginable. The Universe is here to remind us that we are in control. To have the life you desire, all you have to do is ask. The secret to manifesting change is not focusing on the how but instead, the end result of what you're after—the kind of life you want. Then, once you are truly focused, the Universe will conspire on your behalf. Author Mike Dooley has turned over every stone, knocked on every door, and followed every impulse. He has immersed himself in the truths he needed to hear most; these were the kind of lessons he wrote about in his weekly emails. What started in 1998 as a little poem sent out once a week to 38 email addresses has evolved into an inspiring anecdote delivered to over 300,000 subscribers from 169 countries, each receiving a new note from the Universe five days a week. Mike Dooley serves as an interpreter for the Universe. Notes from the Universe begins a three-volume set that is brimful with powerful affirmations that will have you thinking positively, feeling confident, and

"If now a swell from the Deep has swept over this planetary ship of earth, and I, who alone chanced to find myself in the furthest stern, as the sole survivor of her crew... What then, my God, shall I do?." The Purple Cloud is widely hailed as a masterpiece of science fiction and one of the best "last man" novels ever written. A deadly purple vapor passes over the world and annihilates all living creatures except one man, Adam Jeffson. He embarks on an epic journey across a silent and devastated planet, an apocalyptic Robinson Crusoe putting together the semblance of a normal life from the flotsam and jetsam of his former existence. As he descends into madness over the years, he becomes increasingly aware that his survival was no accident and that his destiny - and the fate of the human race - are part of a profound, cosmological plan.

Broadway show and a cultural phenomenon. A PBS Great American Read Top 100 Pick *Celie* has grown up poor in rural Georgia, despised by the society around her and abused by her own family. She strives to protect her sister, Nettie, from a similar fate, and while Nettie escapes to a new life as a missionary in Africa, Celie is left behind without her best friend and confidante, married off to an older suitor, and sentenced to a life alone with a harsh and brutal husband. In an attempt to transcend a life that often seems too much to bear, Celie begins writing letters directly to God. The letters, spanning twenty years, record a journey of self-discovery and empowerment guided by the light of a few strong women. She meets Shug Avery, her husband's mistress and a jazz singer with a zest for life, and her stepson's wife, Sophia, who challenges her to fight for independence. And though the many letters from Celie's sister are hidden by her husband, Nettie's unwavering support will prove to be the most breathtaking of all. *The Color Purple* has sold more than five million copies, inspired an Academy Award-nominated film starring Oprah Winfrey and directed by Steven Spielberg, and been adapted into a Tony-nominated Broadway musical. Lauded as a literary masterpiece, this is the groundbreaking novel that placed Walker "in the company of Faulkner" (*The Nation*), and remains a wrenching—yet intensely uplifting—experience for new generations of readers. This ebook features a new introduction written by the author on the twenty-fifth anniversary of publication, and an illustrated biography of Alice Walker including rare photos from the author's personal collection. *The Color Purple* is the 1st book in the *Color Purple Collection*, which also includes *The Temple of My Familiar* and *Possessing the Secret of Joy*.
