CIMA offers a business qualification with a finance focus, aiming to produce members with accounting prowess who are skilled in strategic decision-making. 98% of its members work in business, the highest proportion of any worldwide accountancy body. The CIMA E1 exam covers a variety of topics that are unrelated but are all essential to the running of a successful business. There is a strong theoretical basis to this subject and it is important that students understand how to apply these theories in the 'real world'. The key E1 subject areas are: * The global business environment * Information systems * Marketing * Managing human capital. The E1 Study Text comprehensively covers all the E1 syllabus areas. It breaks down each topic into manageable chunks and clearly describes all relevant theories. The questions in the question bank demonstrate how these theories should be applied in an exam situation.

CIMA offers a business qualification with a finance focus, aiming to produce members with accounting prowess who are skilled in strategic decision-making. 98% of its members work in business, the highest proportion of any worldwide accountancy body. Paper P2 - Performance Management is the second paper in the Performance pillar. It builds on Paper P1 knowledge as well as introducing such new topics as transfer pricing. The paper focuses on the ability to discuss and evaluate results as well as use techniques to calculate the numbers. The syllabus is concerned with * Analysis and discussion of pricing and product decisions * Evaluation of techniques used to in cost planning and analysis for competitive advantage * Evaluation of performance using budgets and discussion of issues in using budgets for this purpose * Discussion of how to measure performance of responsibility centres and evaluation of the usefulness of these techniques P1 requires a good understanding of the underlying concepts and techniques in all five areas. P1 also needs you to be able to apply these concepts to practical situations, evaluate them critically and interpret the results. The P2 study text provides comprehensive coverage of the complete P2 syllabus. It features step-by-step guides to such topics as limiting factor analysis, multi-product breakeven analysis and budgeting. Each chapter includes numerous simple and comprehensive examples of how to apply various techniques. Areas that students traditionally find difficult - such as linear programming and transfer pricing - are dealt with in dedicated chapters that break these topics down into manageable sections and give students plenty of opportunities to practise techniques.

CIMA offers a business qualification with a finance focus, aiming to produce members with accounting prowess who are skilled in strategic decision-making. 98% of its members work in business, the highest proportion of any worldwide accountancy body. Paper F2 Financial Management replaces Paper P8 Financial Analysis. The syllabus is very similar to old Paper P8, but students will now meet elementary groups at Paper F1 level prior to studying F2. The syllabus specifically includes share-based payments and the emphasis of ratios has now

changed from calculation to interpretation. The main syllabus areas have been changed to: * Group financial statements * Issues in recognition and measurement * Analysis and interpretation of financial accounts * Developments in external reporting. The Study Text focuses on the exam. It provides clear and detailed coverage of the syllabus. Exercises within each chapter cover both basic principles and more detailed issues. In the area of consolidation, these include both complex groups and changes in group structure during the year. Accounting standards are explained and their practical implementation illustrated and tested through appropriate questions.

CIMA offers a business qualification with a finance focus, aiming to produce members with accounting prowess who are skilled in strategic decision-making. 98% of its members work in business, the highest proportion of any worldwide accountancy body. Paper P1 looks at how information is obtained, evaluated and used to control and predict business performance. The syllabus is split into the following five areas: * Cost accounting systems * Forecasting and budgeting techniques * Project appraisal * Dealing with uncertainty in analysis * Managing short-term finance. P1 requires a good understanding of the underlying concepts and techniques in all five areas. P1 also needs you to be able to apply these concepts to practical situations, evaluate them critically and interpret the results. The P1 Study Text contains all you need to know for P1, featuring step-by-step guides to techniques such as investment decision making and budget preparation. There are also reminder sections of knowledge brought forward from earlier studies such as costing terminology. Key terms are identified throughout the Text to help you to get to grips with the new material.

F1 builds on knowledge from paper C2 and introduces tax at a very basic level; it is not based on any tax regime. Financial reporting is a major part of the syllabus, both single company and group accounts are examined in the two '25-mark' questions in section C. New financial reporting topics introduced at this level are: group accounts; construction contracts; financial instruments; and leases. It has four main sections: The principles of business taxation The principles of regulation of financial reporting Preparation of financial statements which conform with IFRS Consolidated financial statements. The study text concentrates on the key areas of the syllabus, taking into account the way in which topics are examined. The text has a step-by-step approach to producing financial statements and lots of exercises in which you can practice the workings. We guide you through the more problematic topics which can be brought into the preparation of single company and group financial statements, and give you plenty of examples.

CIMA offers a business qualification with a finance focus, aiming to produce members with accounting prowess who are skilled in strategic decision-making. 98% of its members work in business, the highest proportion of any worldwide accountancy body. New syllabus CIMA Paper E2 Enterprise Management is a compulsory paper at the Management level and is the second of three papers progressing up the Enterprise pillar. It builds on the functional knowledge found in Paper E1 Enterprise Operations toward an integrated view of management in the organisation. E2 introduces strategic ideas, tools and techniques essential for passing the three strategic level papers. Project Management comprises 40% of the syllabus with the remainder split evenly between Strategic Management and Assessing the Competitive Environment, and Management of Relationships. Credit will be given to students who passed Paper P5 under the 2005 syllabus against E2 in the 2010 syllabus. The E2 Study Text is your complete guide to the E2 syllabus. All areas of the syllabus are explained fully and links to E1 and E3 clearly identified. Section introductions ease you into the chapter topics and key terms you must know are shown clearly throughout. There are plenty of questions to sharpen your knowledge and case studies to bring material to life. Exam alerts and skills are signposted to guide you on approaching the exam.
