That is the world of Aaron Hodges' spectacular book, *Oathbreaker*, the first book in the *Legends of the Gods* trilogy. I really can't say too much more without serious spoilers, but suffice it to say that you will be extremely entertained and enthralled by this book, with plot twists galore and more double-crosses than a *Game of Thrones* episode.

A century since the departure of the Gods, the Three Nations are now united beneath the Tsar. Magic has been outlawed, its power too dangerous to remain unchecked. All Magickers must surrender themselves to the crown, or face imprisonment and death. Alana's mundane life has just been torn apart by the emergence of her brother's magic. Now they must leave behind everything they've ever known and flee - before the Tsar's Stalkers pick up their trail. Tasked with hunting down renegade Magickers, the merciless hunters will stop at nothing to bring them before the Tsar's judgement. As the noose closes around Alana and her brother, disgraced hero Devon finds himself at odds with the law when he picks a fight with the wrong man. The former warrior has set aside his weapons, but now, caught between the renegades and the Stalkers, he is forced to pick a side - the empire, or the innocent.

For thousands of years, elves and non-humans alike had lived freely until humans colonized their land and forced them into hiding and subjugation. After years of living as slaves or second-class citizens, the elves rebelled, but their uprising failed, and humans remained victorious. Mario Deschamps, a new graduate of the Knight's College, sets off to complete his first deed, an accomplishment that will grant him knighthood and into the

ordo equestris. But he has huge boots to fill. His late father, a famous knight and considered the Scourge of Bandits, single-handedly ended the Elven Uprising. Mario's youthful confidence, vanity, and naivety don't get him far in the real world, and he quickly finds himself trapped in a political climate where tensions are on the rise and war is inevitable. In a world filled with monsters, outlaws, bounty hunters, demons, and murderous bandits, Mario is forced to make tough moral decisions. In a world fuelled by violence, hate, and bigotry, things are not as clear cut as he once thought. Lines have been drawn, but to complete his task, he must cross them all. With every choice, the consequences weigh greatly on him, leaving him full of guilt and doubting his path . . . and all the while, in the darkness, someone—or something—is waiting for him to break . . . A.J. Rettger weaves an epic tale of politics and prejudice, war and depravity, and legacy and destiny in his action-packed debut fantasy Oathbreaker.

Alana has been captured. She expected an agonizing death to follow, but instead, she now finds herself a guest of the Tsar. Locked away amidst the wealth and luxury, it isn't long before she learns the reason she was spared - her entire life has been a lie. Her true identity lurks within, chained by magic, but with promises of untold power. It terrifies her, and yet...she must know the

truth. Meanwhile, ex-soldier Devon plans a fresh rebellion in Trola. But after carving his legend in the blood of their people, he's a marked man. He'll have to watch his step if he's to successfully negotiate the shifting tides of the Trolan cause - and not end up dead in the process. Either way, failure is not an option, because without an uprising, Alana will be lost to him forever... Grab this all new epic fantasy by New York Times Bestselling Author Aaron Hodges.

The #1 New York Times bestselling sequel to *Words of Radiance*, from epic fantasy author Brandon Sanderson at the top of his game. In *Oathbringer*, the third volume of the New York Times bestselling *Stormlight Archive*, humanity faces a new Desolation with the return of the Voidbringers, a foe with numbers as great as their thirst for vengeance. Dalinar Kholin's Alethi armies won a fleeting victory at a terrible cost: The enemy Parshendi summoned the violent Everstorm, which now sweeps the world with destruction, and in its passing awakens the once peaceful and subservient parshmen to the horror of their millennia-long enslavement by humans. While on a desperate flight to warn his family of the threat, Kaladin Stormblessed must come to grips with the fact that the newly kindled anger of the parshmen may be wholly justified. Nestled in the mountains high above the storms, in the tower city of Urithiru, Shallan Davar investigates the wonders of the ancient stronghold of the Knights Radiant and unearths dark secrets lurking in its depths. And Dalinar realizes that his holy mission to unite his homeland of Alethkar was too narrow in scope. Unless all the nations of Roshar can put aside Dalinar's blood-soaked past and stand together—and unless Dalinar himself can confront that past—even the restoration of the Knights Radiant will not prevent the end of civilization.
