The most comprehensive, up-to-date resource available for choosing the career that's right for you When making a decision about your career path, it is crucial that you consider any aspect of a job that will affect your future, your sense of fulfillment, and your bottom line. With current statistics from the number-one source of job data in America!the U.S. Department of Labor!the Occupational Outlook Handbook 2011!2012 is your best choice for researching careers, whether you're looking for your first job or contemplating a career change. From able seaman to zoologist, you'll get vital information about more than 250 occupations, including: Nature of the work and working conditions Earnings Training, qualifications, and advancement Job outlook With its vast amount of practical, up-to-date information, the Occupational Outlook Handbook is an essential tool for making informed, intelligent decisions about your future. Did you know . . . -Training at a vocational school, college, or university is increasingly important for getting a job as a travel agent? -A physician assistant's working conditions can vary from regular hours in an office setting to long periods of standing in an operating room? -Accountants and auditors, budget officers, credit analysts, loan officers, and underwriters have

training and skills similar to those of financial managers? -Boilermakers often use potentially dangerous equipment, such as acetylene torches and power grinders, handle heavy parts, and work on ladders or on top of large vessels?

An important resource for employers, career counselors, and job seekers, this handbook contains current information on today's occupations and future hiring trends, and features detailed descriptions of more than 250 occupations. Find out what occupations entail their working conditions, the training and education needed for these positions, their earnings, and their advancement potential. Also includes summary information on 116 additional occupations.

Today's job market has inspired many in the work force to reevaluate their career choices and to reinvent themselves. Careers with Dogs is an engaging resource book for anyone who wants to learn about the many and varied canine-related jobs available today. From veterinary technician and medical specialist to dog trainer and professional handler, this comprehensive volume covers every imaginable job, offering advice to recent high school and college graduates as well as adults seeking a new profession. Each chapter provides information on individual occupations, in-depth narratives about a day-in-the-life of a professional on the job, the education and training required, salary and job forecast information, as well as an up-to-date listing of resources and career sites to help the hopefuls find their place in the dog-eat-dog world. Careers with Dogs is the best and most complete source on the market for all those who love dogs and want to realize their career potential in a dog-centric industry.

The Construction Chart Book presents the most complete data available on all facets of the U.S. construction industry: economic, demographic, employment/income, education/training, and safety and health issues. The book presents this information in a series of 50 topics, each with a description of the subject matter and corresponding charts and graphs. The contents of The Construction Chart Book are relevant to owners, contractors, unions, workers, and other organizations affiliated with the construction industry, such as health providers and workers compensation insurance companies, as well as researchers, economists, trainers, safety and health professionals, and industry observers.

A story about small acts of courage from the author of A Crooked Kind of Perfect. Do not let a mop sit overnight in water. Fix things before they get too big for fixing. Custodial wisdom: Mattie Breen writes it all down. She has just one week to convince Uncle Potluck to take her on as his custodial apprentice at Mitchell P. Anderson Elementary School. One week until school starts and she has to be the new girl again. But if she can be Uncle Potluck's apprentice, she'll have important work to do during lunch and recess. Work that will keep her safely away from the other fifth graders. But when her custodial wisdom goes all wrong, Mattie's plan comes crashing down. And only then does she begin to see how one small, brave act can lead to a friend who is hound dog true. This ebook includes a sample chapter of THE CENTER OF EVERYTHING.

Profiles ninety percent of the jobs in the economy, nearly 270 in total, covering each one's nature, working conditions, required skills, training, advancement, outlook, earnings, and related occupations.

A directory for up-and-coming jobs in the near-future employment market includes recommendations for finding or advancing a career and draws on statistics from the U.S. Department of Labor, in a guide that includes coverage of more than 250 occupations. Original.
