The most comprehensive match to the new 2014 Chemistry syllabus, this completely revised edition gives you unrivalled support for the new concept-based approach, the Nature of science. The only DP Chemistry resource that includes support directly from the IB, focused exam practice, TOK links and real-life applications drive achievement.

Stretch your students to achieve their best grade with these year round course companions; providing clear and concise explanations of all syllabus requirements and topics, and practice questions to support and strengthen learning. - Consolidate revision and support learning with a range of exam practice questions and concise and accessible revision notes - Practise exam technique with tips and trusted guidance from examiners on how to tackle questions - Focus revision with key terms and definitions listed for each topic/sub topic

"GCSE Design and Technology: Textiles Technology through Diagrams" joins the acclaimed Oxford Revision Guides series which builds on the fact that pictures are easier to memorize than words. All the necessary facts, figures, content, and concepts are presented in diagrammatic form. This uniquevisual approach to learning means that students can absorb the information easily and effectively.Help for coursework:Unlike most other Guides, "Textiles Technology through Diagrams" also helps students with their coursework. With 60% of the total marks at GCSE being awarded for coursework the revision guide contains a chapter devoted to the skills needed for success in this area.

Based on principles of cognitive science, this three-step approach to effective revision combines knowledge, retrieval and interleaving, and extensive exam-style practice to help students master knowledge and skills for GCSE success. UK schools save 50% off the RRP! Discount will be automatically applied when you order on your school account.

Frustrated with exam guides that provide mainly content and only a few questions? Or the opposite, with just practice questions but with no content for support? Oxford Facts and Practice are here to help and they do just what they say on the cover: give facts and practice for A Level. · All that students need to know in 56 pages · Designed for the new A- and AS-Level specifications, each book starts with tips on exam technique and a description of the main specifications · The authors all work in a tutorial college and are very experienced in preparing students for examinations from all of the exam groups. · The books have been extensively trialled to ensure that they provide lucid explanations at the right level of detail

A guide designed to cover the A/AS-level specifications being implemented in schools from September 2000. Many students will take modular exams throughout the course, and these guides will support their revision and exam preparation over the two A-level years (or over a single year for AS level).

Revise AS & A2 Mathematics gives complete study support throughout the two A Level years. This Study Guide matches the curriculum content and provides in-depth course coverage plus invaluable advice on how to get the best results in the exams

This ultimate study guide with in-depth GCSE course coverage is all you need for exam success. Revise GCSE Physics has everything you need to achieve the GCSE grade you want. It is written by GCSE examiners to boost learning and focus revision.

Specifically tailored for the new AQA GCSE Science (9-1) specifications, this third edition supports your students on their journey from Key Stage 3 and through to success in the new linear GCSE qualifications. This series help students and teachers monitor progress, while supporting the increased demand, maths, and new practical requirements.
