How to Pair Food and Wine: 8 Steps (with Pictures) - wikiHow

The matching of food and wine is a matter of personal taste. There are no hard and fast rules, but just remember it is easiest to think of wine as a sauce and match the strength of flavours and weight of the dish with the wine. To learn more, see our FAQ. You can also attend one of our Food & Wine Matching courses.

Food & Wine Matching Guide | Berry Bros. & Rudd | Berry ...

Wine and food matching is the process of pairing food dishes with wine to enhance the dining experience. In many cultures, wine has had a long history of being a staple at the dinner table and in some ways both the winemaking and culinary traditions of a region will have evolved together over the years. Rather than following a set of rules, local cuisines were paired simply with local wines. The modern "art" of food pairings is a relatively recent phenomenon, fostering an industry of books and m

Wine and food pairing - Wikipedia

For example, it ' s fine to use a wine pairing with a strong oaky Chardonnay with grilled beef or a highly acidic red such as Sangiovese (Chianti), Pinot Noir or Beaujolais with fish or shellfish. In the end, it ' s not tradition that matters most. It ' s what completes the experience the best.

How to Pair Food and Wine - MCohol.com

A classic example here is a steak with a bold red wine. The pairing works because the steak has fat and the red wine has tannins. These two flavor characteristics will balance each other, and the resulting flavor will showcase more of the secondary flavors of the wine and the steak. Another great example is spicy and sweet.
