Vols. 2 and 5 include appendices.

Christian Giudice's *Occult Imperium* explores Italian national forms of Occultism, chiefly analyzing Arturo Reghini (1878-1946), his copious writings, and Roman Traditionalism. Trained as a mathematician at the prestigious University of Pisa, Reghini was one of the three giants of occult and esoteric thought in Italy, alongside his colleagues Julius Evola (1898-1974) and Giulian Kremmerz (1861-1930). Using Reghini's articles, books, and letters, as a guide, Giudice explores the interaction between occultism, Traditionalism, and different facets of modernity in early-twentieth-century Italy. The book takes into consideration many factors particular to the Italian peninsula: the ties with avant-garde movements such as the Florentine Scapigliatura and Futurism, the occult vogues typical to Italy, the rise to power of Benito Mussolini and Fascism, and, lastly, the power of the Holy See over different expressions of spirituality. *Occult Imperium* explores the convergence of new forms of spirituality in early twentieth-century Italy.

Elsa Morante ' s *Politics of Writing* is a collected volume of twenty-one essays written by Morante specialists and international scholars. Essays gather attention on four broad critical topics, namely the relationship Morante entertained with the arts, cinema, theatre, and the visual arts; new critical approaches to her four novels; treatment of body and sexual politics; and Morante ' s prophetic voice as it emerges in both her literary works and her essayistic writings. Essays focus on Elsa Morante ' s strategies to address her wide disinterest (and contempt) for the Italian intellectual status quo of her time, regardless of its political side, while showing at once her own kind of ideological commitment. Further, contributors tackle the ways in which Morante ' s writings shape classical oppositions such as

engagement and enchantment with the world, sin and repentance, self-reflection, and corporality, as well as how her engagement in the visual arts, theatre, and cinematic adaptations of her works garner further perspectives to her stories and characters. Her works—particularly the novels *Menzogna e sortilegio* (House of Liars, 1948), *La Storia: Romanzo* (History: A Novel, 1974) and, more explicitly, *Aracoeli* (Aracoeli, 1982)—foreshadowed and advanced tenets and structures later affirmed by postmodernism, namely the fragmentation of narrative cells, rhizomatic narratives, lack of a linear temporal consistency, and meta- and self-reflective processes.

Interpretazioni is an intermediate- to advanced-level Italian textbook that aims to teach language through film, focusing on Italian movies from 2010 to 2017. Teaching language through cinema is a widespread and proven practice that engages all four main language skills (speaking, listening, reading, writing), and *Interpretazioni* does so via the proven format and pedagogy of Pausini and Antonello Borra's previous book, *Italian Through Film* (Yale UP, 2003), which has enjoyed success and is regarded highly among teachers. Films featured in *Interpretazioni* span genres, address a wide range of themes, and are set in various parts of Italy, encouraging students and teachers to more fully engage with the complexity of Italian cinema. As in *Italian through Film*, the activities based on the films are divided into three main categories (before, during, and after viewing the film) with a natural progression from warm-up questions, to closed and controlled exercises, to open ended and creative tasks, both oral and written, including grammar practice, all within the context of each single film. An instructor's manual with answer keys and suggestions on using apps for teaching will be available on the GUP website.
