Just as store shelves are consistently stocked with toilet paper again, U.S. consumers could be facing another shortage this summer: suitcases.

Moderne Diplomatie wirkt heute in viele Bereiche des modernen Lebens hinein. Sie ist zugleich selbst neuen Einfl ü ssen ausgesetzt. Faktoren, die unsere Gesellschaften ver ä ndern, ver ä ndern auch unser Regierungshandeln, auch in der Au ß enpolitik, seien es Digitalisierung, emotionalisierte Sensibilit ä ten unserer Ö ffentlichkeiten oder nicht-staatliche internationale Akteure. Derartige Entwicklungen m ü ssen von der Diplomatie aufgenommen werden, damit sie weiter als Instrument einer Regierung funktionieren kann. Regierungen sollten Wege finden, zwischen den neuen Bed ü rfnissen der Gesellschaft und den Notwendigkeiten legitimen Regierungshandelns zu vermitteln. Das Ziel sollte sein, als souver ä ner Staat handeln zu k ö nnen und zugleich das Potential der tiefgreifenden gesellschaftlichen Ver ä nderungen zu nutzen. Mit Beitr ä gen von Volker Stanzel, Sascha Lohmann, Andrew Cooper, Christer J ö nsson, Corneliu Bjola, Emillie V. de Keulenaar, Jan Melissen, Karsten D. Voigt, Kim B. Olsen, Hanns W. Maull und R. S. Zaharna

Turkey ' s Justice and Development Party (AKP), after coming to power in 2002, sought to play a larger diplomatic role in the Middle East. The AKP adopted a proactive foreign policy to create ' strategic depth ' by expanding Turkey ' s zone of influence in the region, drawing on the opportunities of geography, economic power and imperial history to reconnect the country with its historical hinterland. Yet despite early promise, this policy came undone after the Arab upheavals of 2011 and has seen Turkey increasingly at odds with its neighbours and the West. Turkey's New Foreign Policy outlines the key tenets of the AKP ' s policy of strategic depth in the Middle East and how this marks a departure from traditional Turkish foreign policy. Particular attention is focused on the Turkish reaction to the political changes that swept through the Arab world – including the Syrian civil war – and presented Turkey with its most significant foreign-policy challenge to date. Based on extensive primary research of Turkish-language sources, this monograph argues that political changes in the Middle East have precipitated a serious decline in Turkish regional influence, reversing earlier gains in influence after the AKP came to power. However, despite these foreign-policy defeats, the AKP has shown little indication that it is willing to scale back its ambitions, insisting that it stands on the right side of history – drawing a clear distinction between Turkey and the West.

On the night of June 3-4, 1989, Chinese troops violently crushed the largest pro-democracy demonstrations in the history of the communist regime. In this extraordinary collection of hundreds of internal government and Communist Party documents, secretly smuggled out of China, we learn how these events came to pass from behind the scenes. The material reveals how the most important decisions were made; and how the turmoil split the ruling elite into radically opposed factions. The book includes the minutes of the crucial meetings at which the Elders decided to cashier the pro-reform Party secretary Zhao Ziyang and to replace him with Jiang Zemin, to declare martial law, and finally to send the troops to drive the students from the Square. Just as the Pentagon Papers laid bare the secret American decision making behind the Vietnam War and changed forever our view of the nation's political leaders, so too has The Tiananmen Papers altered our perception of how and why the events of June 4 took the shape they did. Its publication has proven to be a landmark event in Chinese and world history.
