The relationship between the collateral perfusion of ischemic myocardium and the size of the ischemic zone was examined in open-chest anesthetized dogs. Proximal and distal segments of the left anterior descending coronary artery were cannulated and perfused extracorporally from the carotid artery. By occluding one or both of these perfusion lines, three different sized ischemic zones were ...

With three little words, William Wilkerson's soul is changed forever. But it comes with a cost. Born and raised to one day rule the nation, he finds his new nature at odds with the corrupted ways his family has lived for generations. As a voice as soft as the wind beckons him to follow, he struggles with several decisions. Shall he follow this voice, or should he continue on the path his father has laid out for him? And, if he does follow this voice, will it protect him from his father's fury and give him the courage to stand up against all injustices, including his own? But the real question he must answer is: what should he do about the girl trapped in his controlling grasp?

Provides access to the widely scattered corpus of Monroe papers, including some 35,800 entries representing 182 libraries and archives in the United States and Great Britain.

What's more sacred: family or love? One young woman is about to find out. When Abigail Seton meets Ean Carter her heart begins to knit with his. That is until she finds out their fathers are bitter rivals competing for the presidency of the United States. To save her relationship with her father, Abigail ends her love affair with Ean and tries to become the perfect future first daughter, by getting engaged to the man of her father's choosing, and hiding a secret that would be a major scoop for every tabloid magazine. But with every political event, every chance greeting, she finds it harder to stick with her decision. And when a government scandal puts her face-to-face with the consequences of her choice she starts to wonder if family really is more important than the man she loves. Will she be able to regain her happiness or will she lose the chance forever?

In January 1, 1885, Wells, Fargo & Company's chief detective James B. Hume and special agent John N. Thacker published a report summarizing the company's losses during the previous 14 years. It listed 313 stagecoach robberies, 23 burglaries, and four train robberies but included little or no details of the events themselves, focusing instead on physical descriptions of the robbers. Widely circulated, the report was intended to assist law enforcement in identifying and apprehending the criminals believed still to present a danger to the company. The present volume revisits each crime, updating Hume and Thacker's original report with rich new details culled from local newspapers, personal diary entries, and court records.

Mason Kade is the dream. He is the promise. He's offering what so many would fantasize about, and it's not that I don't want it/him/us. It's the opposite. There might be ghosts haunting me, but this man who's my soulmate is asking me for forever. How can I say no to someone who already gave me my happily ever after? The last full-length novel for the Fallen Crest Series.
