that the light of life really is within you. Physics corroborates this philosophy; it also says that life is like a particle, like a wave. It repeats the ancient philosophy that tells us that life is a wave born from the

ocean of bliss, playing in it, and subsiding again into it. —Path of Fire and Light, Vol. II, p. 1

Type "Mikhail Kalashnikov" into Google and the biography of the inventor will come back to you almost at the speed of light. Squeeze the trigger of a Kalashnikov and a bullet is kicked up the barrel by an archaic chemical explosion that would have been quite familiar to Oliver Cromwell or General Custer. The gun—antique, yet contemporary—still dominates the world. Geopolitical events and even consumer culture have been molded by the often-unseen research that firearms evoked. The new science of Galileo Galilei and Isaac Newton owed much to the Renaissance study of ballistics. But research into making guns and aiming them also brought on the more recent invention of mass production and kickstarted the contemporary field of artificial intelligence. This book follows the history of the gun and its often-unsuspected wider linkages, looking from the first cannons to modern gunnery, and to the yet-to-be-realized electrical futures of rays and beams.

A book of modern mysticism about rediscovering the true meaning of faith and how to reclaim our spiritual wisdom. Light on Fire is the soulful exploration of one woman's journey to awakening and becoming a modern-day Christian mystic. It's a compassionate guide that will support others on the path to awakening by offering new insights and practical guidance on how to reconnect with our innate spirituality. In her search to understand her own spontaneous awakening, Aedamar discovered that awakening is a natural life process from which we have become estranged. In beautifully poetic language, and through

accessible philosophy, Aedamar shares how and why we are designed to wake up, and to experience Divine Union, in the ordinary course of life. Waking up is what is now needed to heal ourselves and the deeply rooted traumas of Western society. Light on Fire concludes with 'The Path of Gold', Aedamar's seven-stage guide to awakening that offers a model for rediscovering Divine Love in everyday life. It helps us to reconnect with our spiritual wisdom, which is critical as we enter a new era that uniquely calls us to mysticism and to love.

Here are magnificent insights into the lives of biblical prophets and kings, talmudic sages, and Hasidic rabbis from the internationally acclaimed writer, Nobel laureate, and one of the world's most honored and beloved teachers. "This posthumous collection encourages a path toward purpose and transcendence." —The New York Times Book Review From a multitude of sources, Elie Wiesel culls facts, legends, and anecdotes to give us fascinating portraits of notable figures throughout Jewish history. Here is the prophet Elisha, wonder-worker and adviser to kings, whose compassion for those in need is matched only by his fiery temper. Here is the renowned scholar Rabbi Yohanan ben Zakkai, whose ingenuity in escaping from a besieged Jerusalem on the eve of its destruction by Roman legions in 70 CE laid the foundation for the rabbinic teachings and commentaries that revolutionized the practice and study of Judaism and have sustained the Jewish people for two thousand years of ongoing exile. And here is Rabbi Shneur Zalman of Liadi, founder of Chabad Hasidism, languishing in a Czarist prison in 1798, the victim of a false accusation, engaging in theological discussions with his jailers that would form the basis for Chabad's legendary method of engagement with the world at large. In recounting the life stories of these and other spiritual seekers, in delving into the struggles of human beings trying to create meaningful lives touched with sparks of the divine, Wiesel challenges and inspires us all to fill our own lives with commitment and sanctity.
