The book begins with an educational theory guide, to help deepen your understanding of why your horse is acting the way he does and what his motivating factors are. Following the theory guide are over 77 Solutions for herd bound behavior. Included in these solutions are exercises divided into sections individualized to how your horse is kept; Stall, Pasture, Pair bonded, etc. It also includes strategies for riding, Emergency "In the moment" solutions and pages to record your progress on. These strategies can be used with each member of the herd, this is most valuable in situations where a single buddy horse is left behind. By using the exercises, programs and approaches you can create horses that are more self confident and able to be separated with more ease and relaxation. I am incredibly excited to get this information in the hands of horse lovers who struggle with this frustrating and destructive issue! There is nothing more peaceful then hearing horses munching on grass instead of screaming for their herd mate!

This is the second book for J C Sum's "Unwritten: A Hands-off Book Test that Transcends Words." "Unwritten" is a professionally designed and produced book that allows you to bring the traditional book test beyond just words by incorporating visual drawings as the focus of the thoughts and revelations. It is perfect for performers looking to present a visual book test routine. and format. From a presentation point of view, the English language guide for travelers also allows for a variety of interesting introductory patter presentations. The nature of the book makes it perfect for shows for corporate events, travel fairs, tourist attractions, cruise ships, schools & libraries. The full "Unwritten" routine consists of two different basic effects. Effect 1 - Any Word Drawing A spectator opens the book to any page and chooses a word describing something that she can visualize in her mind. Without asking for the page number or any specifics of the word (such as the length of the word or the letters it contains), the performer correctly draws out the image that the spectator is visualizing. Effect 2 - Imagined Drawing Prediction A spectator opens the book to any page and mentally selects a word from the last line of a chosen paragraph. She makes a simple drawing that represents the word and then uses her imagination to add to the sketch to make it into a larger picture. A sealed envelope that has been in full view from the start of the show is opened to reveal a prediction drawing that correctly matches the spectator's imagined drawing! Note: Instead of a prediction, you can perform the effect as a drawing duplication. Both effects can be performed individually or together to form a complete routine. The routine can be performed in casual settings or close-up, parlour and large-scale stage shows. "Unwritten" includes the following features: - Can be Performed Completely Hands Free - The Book Can be Freely Examined During Performance - No Pumping for Page Numbers, Length of Word or Specific Letters - No Peeks - No Switches - No Pre-Show Work - No Sleight of Hand - No Memory Work or Cribs - No Assistants - Large Fonts Make the Text Easy to Read - Can Be Performed Stand-Alone or with Other Book Tests
