Journal of World Prehistory is an
international forum for the publication of
peer-reviewed original articles that
synthesize the prehistory of an area or of a
time-horizon within a larger region, or
describe technical advances of wide and
general application. These overview
papers provide in-depth, thoughtful
development of data and concepts in a
fashion accessible to all archaeologists.

ANTH 345 | 3 Credits. An intermediate-level exploration of world prehistory and archaeology. The goal is to analyze the cultural and subsistence patterns of prehistoric humans in order to relate these patterns to contemporary human societies and populations. Discussion includes archaeological theories and methods, subsistence strategies, and the application of archaeology to community, regional and global issues and concerns.
