Plans are tangible and often visible statements of where the organization is now, what it should be in the future and what is required to get there.

While processes for developing them vary, master plans are most successful when they represent a vision that brings together the concerns of

Where To Download Performance Without

different interest groups, and their recommendations create a groundswell of business community and political support. Good Organizational Master Plans are flexible, and have involved the business leaders and other stakeholders from the outset, giving the plan a legitimate base, and
