With fuel costs and parking charges it's no wonder the consumer is looking for less expensive forms of travel. This book is aimed at the rider who wants to do his or her own basic scooter maintenance and servicing without the need for in-depth mechanical knowledge, or a technical manual. It covers areas such as oil, brakes, tyres, transmission, electrics, etc, allowing the owner to address the most regularly serviced items without forking out for additional costs. Illustrated with full colour photographs throughout, and featuring clear, easy-to-follow instructions, this book is a must-have for scooter users.

A young man escapes 1970s Belfast on his Moto Guzzi Le Mans, and tries to find himself... and the road to Australia... what could possibly go wrong

Drawing on an incomparable breadth of international examples, Svend Hollensen not only demonstrates how global marketing works, but also how it relates to real decisions around the world. Extensive coverage of hot topics such as blue ocean strategy; celebrity branding; brand piracy; and viral marketing. Brand new case studies focus on globally recognised brands and companies operating in a number of countries, including IKEA, Philips, Nokia, Guinness and Cereal Partners Worldwide. All new video cases accompany every chapter and are available at www.pearsoned.co.uk/hollensen, featuring such firms as Nike, Starbucks, BMW, Ford and McDonalds.

An essential and compelling exploration of the design, history, and culture of the motorcycle - an icon of the machine age Motorcycles are ubiquitous in the world's streets and cities, evolving over decades in engineering and design to meet individual transportation needs. With the coming demise of the internal combustion engine and the rise of electricpowered vehicles, motorcycle design is being revolutionized by new technologies, the demands of climate change, and global social transformation. The Motorcycle: Desire, Art, Design traces the exciting evolution of this automotive icon -- and the culture of desire, freedom, and rebellion that surrounds it.

This comprehensive collection of recipes will inspire parents to create and offer the wide variety of foods every child needs. Organized by stages of development so parents know what is appropriate for every age, the book is filled with recipes from the basic and most simple first foods for babies through balanced meals for toddlers. Every recipe includes instructions for making meals in advance and properly freezing and storing them so you'll always be prepared with just the right thing for your child.
