What an amazing story Evangeline Anderson wrote. Planet X was an intense high energy love story with twists and turns that lead Krisa and Teague through a jungle with animals after them, with natives, even slave traders and even a mind wipe. Teague knows that he's found his mate (Krisa) from the moment he smells her on ship.

Planet X is an erotic sci-if romance with lots of steamy, descriptive, hot sexual scenes. This is not an instant love story, and Evangeline does a great job developing the chemistry and sexual tension between the characters. You will definitely feel the sexual tension between these characters! William Martin's performance was outstanding!
