FRANK ~~Poochytown~~

Poochytown takes readers to the distant crumbling edge of the Unifactor, where the landscape's mind is either unfettered or unhinged, depending on your particular taste for mischief. What

File Type PDF Poochytown

occurs there beggars
description, so we will not
even attempt it, but rest
assured it is a dark-ride-of-
the-soul as only the Frank
stories can deliver.

Since I don't want to provide spoilers for those already familiar with the Unifactor, but who have not yet read Poochytown, I will try to sum it up concisely: Your ultimate destination is immutable, even if there are

a variety paths leading there. I don't think anyone has brought the surreal to comic book format more effectively than Jim Woodring. To say this man is merely underrated would be . . .
