To check the level of the tiptronic fluid you have to get the transmission up to temperature, and get the car up in the air with the engine running.

# Access Free Porsche 996

You then have to undo the filler plug on the bottom of the transmission, which reveals a tube going up into the gearbox that acts as a level weir.

Your manual  
transmission can take a  
heck of a beating over  
the years and it is one of  
the most neglected  
service areas on a car.  
The fluid assists in the  
lubrication and heat  
disputation of the  
transmission and even  
though it is in a closed  
environment, the fluid  
can become old and  
contaminated. It should
